Post Corona Scott Galloway, 2020-11-24 New York Times bestseller Few are better positioned to illuminate the vagaries of this transformation than Galloway a tech entrepreneur author and professor at New York University s Stern School In brisk prose and catchy

illustrations he vividly demonstrates how the largest technology companies turned the crisis of the pandemic into the market share grabbing opportunity of a lifetime

The New York Times As good an analysis as you could wish to read

The Financial Times From bestselling author and NYU Business School professor Scott Galloway comes a keenly insightful urgent analysis of who stands to win and who is at risk to lose in a post pandemic world

The COVID 19 outbreak has turned bedrooms into offices pitted young against old and widened the gaps between rich and poor red and blue the mask wearers and the mask haters

Some businesses like home exercise company Peloton video conference software maker Zoom and Amazon woke up to find themselves crushed under an avalanche of consumer demand

Others like the restaurant travel hospitality and live entertainment industries scrambled to escape obliteration

But as New York Times bestselling author Scott Galloway argues the pandemic has not been a change agent so much as an accelerant of trends already well underway

In Post Corona he outlines the contours of the crisis and the opportunities that lie ahead

Some businesses like the powerful tech monopolies will thrive as a result of the disruption

Other industries like higher education will struggle to maintain a value proposition that no longer makes sense when we can't stand shoulder to shoulder

And the pandemic has accelerated deeper trends in government and society exposing a widening gap between our vision of America as a land of opportunity and the troubling realities of our declining wellbeing

Combining his signature humor and brash style with sharp business insights and the occasional dose of righteous anger Galloway offers both warning and hope in equal measure

As he writes Our commonwealth didn't just happen it was shaped

We chose this path no trend is permanent and can't be made worse or corrected

The Wall Street Journal ,2008

How streaming services are revolutionizing the TV market Max Schulz,2022-03-04

Bachelor Thesis from the year 2019 in the subject Communications Movies and Television language English abstract

Almost everyone today uses streaming services like Netflix Amazon Prime and Co

Viewers can watch what they want when they want and where they want

This has far reaching consequences for our consumer behavior and poses serious challenges for traditional television

Will linear television still play a role at all in the coming years

How big is the competition from streaming portals already today

In his paper Max Schulz explains how digitization has changed television and how the younger generation in particular is using the new offerings

How does current user behavior affect the classic TV market and what new challenges does it pose

Schulz also sheds light on television as a mass medium and thus an attractive advertising platform

Among other things he reveals how traditional broadcasters are counteracting viewer migration
