handle one Handle means to get to the root of the problem fix it and create good customers out of conflict situations In this course you ll explore How to create a confrontational customer How to communicate with difficult customers Handling conflict and complaints face to face Handling conflict and complaints over the phone Rebuilding customer relationships during and after conflict There will be customers in your life that you politely refer to as problem customers One such customer consistently hurls challenges your way Another type is so aggressive that one situation alone is enough to earn him the distinction This course is designed to give you the skills to make problem customers some of your best Now that s not as crazy as it sounds Here s why If you have the ability to turn a difficult situation into a positive outcome that s memorable service

Bam! Barry J. Moltz, Mary Jane Grinstead, 2009-09 Customer service has been turned upside down by the self sufficiency and immediacy of shopping and buying products and services on the web Our self help culture has been transformed into a self service culture with customers able and willing to do much more for themselves We are becoming accustomed to the benefits and good feelings that we experience online through automated buying experiences that can be customized and personalized to our schedules locations buying patterns and desires More than ever before the transactional relationship between the seller of products and the buyer of those products is critical to companies overall profitability In this increasingly transparent world where so many products and services are viewed by consumers as commodities providing exceptional customer service becomes the only sustainable competitive advantage for creating customer loyalty The harsh economic realities that every business faces today and for the foreseeable future make this even truer BAM Is a no nonsense book that teaches companies why they want to deliver effective customer service in this self service world and how to do it The book debunks the 20 common myths of customer service from The customer is always right to Customer service means the same thing to everyone to Companies achieve customer service by under promising and over delivering myths that too many companies use automatically to run their customer service practices and policies without ever questioning them BAM replaces myths with a tactical approach that shows companies how to make more money through attitudes and actions that will help their customers feel satisfied in good times or bad Creating satisfied customers is the only enduring competitive advantage left in a world market where virtually everything is a commodity Forget the customer service platitudes The only reason a company should offer excellent customer service is because it will make money for the business

The Customer Service Revolution Bryan Horn, 2020-02-21 The way we do business has changed Customers are no longer driven by products and services alone They are experience driven customers who seek meaningful and genuine interactions with the companies they do business with Many companies have adapted a too big to fail mindset and have implemented policies that favor themselves instead of the customers who keep them in business Employees are treated as money making machines instead of valued teammates This has to change The Customer Service Revolution is packed full of innovating and inspiring stories and is changing the way companies think about their customers and the employees who make it all happen
