**iTake-Over** David Arditi,2020-06-23 The second edition of iTake Over The Recording Industry in the Streaming Era sheds light on the way large corporations appropriate new technology to maintain their market dominance in a capitalist system To date scholars have erroneously argued that digital music has diminished the power of major record labels In iTake Over sociologist David Arditi suggests otherwise adopting a broader perspective on the entire issue by examining how the recording industry strengthened copyright laws for their private ends at the expense of the broader public good Arditi also challenges the dominant discourse on digital music distribution which assumes that the recording industry has a legitimate claim to profitability at the expense of a shared culture Arditi specifically surveys the actual material effects that digital distribution has had on the industry Most notable among these is how major record labels find themselves in a stronger financial position

today in the music industry than they were before the launch of Napster largely because of reduced production and distribution costs and the steady gain in digital music sales Moreover instead of merely trying to counteract the phenomenon of digital distribution the RIAA and the major record labels embraced and then altered the distribution system [Raspberry Pi Hacks](#) Ruth Suehle, Tom Callaway, 2013-12-09 With more than 60 practical and creative hacks this book helps you turn Raspberry Pi into the centerpiece of some cool electronics projects Want to create a controller for a camera or a robot Set up Linux distributions for media centers or PBX phone systems That's just the beginning of what you'll find inside Raspberry Pi Hacks If you're looking to build either a software or hardware project with more computing power than Arduino alone can provide Raspberry Pi is just the ticket And the hacks in this book will give you lots of great ideas Use configuration hacks to get more out of your Pi Build your own web server or remote print server Take the Pi outdoors to monitor your garden or control holiday lights Connect with SETI or construct an awesome Halloween costume Hack the Pi's Linux OS to support more complex projects Decode audio video formats or make your own music player Achieve a low weight payload for aerial photography Build a Pi computer cluster or a solar powered lab
