Mike Jess

Disney Plus Deal:

Causal AI Robert Osazuwa Ness, 2025-02-25 Build AI models that can reliably deliver causal inference How do you know what might have happened had you done things differently Causal AI gives you the insight you need to make predictions and control outcomes based on causal relationships instead of pure correlation so you can make precise and timely interventions Causal AI is a practical introduction to building AI models that can reason about causality In Causal AI you will learn how to Build causal reinforcement learning algorithms Implement causal inference with modern probabilistic machine tools such as PyTorch and Pyro Compare and contrast statistical and econometric methods for causal inference Set up algorithms for attribution credit assignment and explanation Convert domain expertise into explainable causal models Author Robert Osazuwa Ness a leading researcher in causal AI at Microsoft Research brings his unique expertise to this cutting edge guide His clear code first approach explains essential details of causal machine learning that are hidden in academic papers Everything you learn can be easily and effectively applied to industry challenges from building explainable causal models to predicting counterfactual outcomes Foreword by Lindsay Edwards About the technology Traditional ML models can't answer causal questions like Why did that happen or What factors should I change to get a particular outcome This book blends advanced statistical methods computational techniques and new algorithms to create machine learning systems that automate the process of causal inference About the book Causal AI introduces the tools techniques and algorithms of causal reasoning for machine learning This unique book masterfully blends Bayesian and probabilistic approaches to causal inference with practical hands on examples in Python Along the way you'll learn to integrate causal assumptions into deep learning architectures including reinforcement learning and large language models You'll also use PyTorch Pyro and other ML libraries to scale up causal inference What's inside End to end causal inference with DoWhy Deep Bayesian causal generative AI models A code first tour of the do calculus and Pearl's causal hierarchy Code for fine tuning causal large language models About the reader For data scientists and machine learning engineers Examples in Python About the author Robert Osazuwa Ness is an AI researcher at Microsoft Research and professor at Northeastern University He is a contributor to open source causal inference packages such as Python's DoWhy and R's bnlearn Table of Contents Part 1 1 Why causal AI 2 A primer on probabilistic generative modeling Part 2 3 Building a causal graphical model 4 Testing the DAG with causal constraints 5 Connecting causality and deep learning Part 3 6 Structural causal models 7 Interventions and causal effects 8 Counterfactuals and parallel worlds 9 The general counterfactual inference algorithm 10 Identification and the causal hierarchy Part 4 11 Building a causal inference workflow 12 Causal decisions and reinforcement learning 13 Causality and large language models

Power Surge Thomas Schatz, 2026 From the author of *The Genius of the System* the classic tale of Hollywood's first golden age comes the story of its last Thomas Schatz returns us to an era when a newly enriched movie industry rediscovered its creative energy and indie went mainstream without losing its edge Between 1989 and 2004 all the

old studios either merged with other media giants or were swallowed up by even bigger diversified behemoths leading to an infusion of money and fast tracking the digital revolution Yet even as CGI and piles of cash fueled a new breed of blockbusters Batman and Titanic Toy Story and The Lord of the Rings an indie ethos permeated the industry And at the crossroads of commodification and aesthetic vision auteurs ranging from Steven Soderbergh and Quentin Tarantino to Sofia Coppola and Ang Lee became household names Power Surge traces these trajectories which increasingly clashed and commingled during the 1990s and early 2000s resulting in nothing short of a new golden age and perhaps the last gasp of the century old studio system Mass Communication Ralph E. Hanson,2020-10-31 The best selling Mass Communication Living in a Media World presents a highly accessible introduction to mass communication that equips students with the critical thinking skills to become savvy media consumers To help students better retain the material author Ralph E Hanson uses a storytelling approach that weaves in examples drawn from everyday life Readers are encouraged to consider the media industry from the inside out and in doing so discover the many dimensions of mass communication that operate in our society The thoroughly revised Eighth Edition highlights how social and digital media video games and the COVID 19 pandemic are changing the face of media This title is accompanied by a complete teaching and learning package Media Libraries in an Age of Unending Consumption Mike Van Esler,2023-10-24 As the home video market upended traditional film industry models media libraries emerged as important sources of ancillary revenue The inflection point for media library exploitation came in 2007 when Netflix launched its streaming service relying on extensive licensing of film and television libraries to grow its subscriber base In this book Mike Van Esler examines how media libraries and business models have evolved since the home video era with particular emphasis placed on the streaming age of the past fifteen years Van Esler argues that media libraries have grown beyond their usages from the pre home video era to become central to today s corporate media strategy By studying the ways in which media library exploitation has scaled up since the turn of the new millennium the author identifies insights into larger media industry trends Ultimately this book explores the intersection of corporate media independent distributors private equity tech companies and audiences Scholars of media studies business and sociology will find this book of particular interest Screen Digest ,2002 *California. Court of Appeal (2nd Appellate District). Records and Briefs* California (State)., Received document entitled APPENDIX TO PETITION FOR WRIT **The Deal** ,2010-07 *Broadcasting & Cable* ,2006 Global Hollywood 2 Toby Miller,2005 This extensively revised edition of an best selling text provides a compelling exploration of Hollywood s global business practices **Mergers, Acquisitions, and Other Restructuring Activities** Donald DePamphilis,2021-09-26 Mergers Acquisitions and Other Restructuring Activities An Integrated Approach to Process Tools Cases and Solutions Eleventh Edition presents the most current and comprehensive M A information available Organized according to the context in which topics normally occur in the M A process the book covers M A environments M A processes M A valuation and modeling deal structuring and financing

strategies and alternative business and restructuring strategies Covering industries worldwide this new edition illustrates the most germane strategies and tactics in today's marketplace It includes substantially more ancillary materials than previous editions including an extensive test bank chapter summaries and instructor and student PowerPoint slides More than 100 new references to relevant academic research published since 2018 make the 11th edition a balanced comprehensive guide to the complex and dynamically changing world of M A Provides a rigorous discussion on the strengths and limitations of financial modeling as applied to M A Includes more than 270 empirical studies published in leading peer reviewed journals published 2018 2020 all new since the 10th edition 2019 Presents updated M A tactics and strategies as well as court cases and new regulations governing business combinations valuation methodologies and financing

U.S. News & World Report, 1993 **The 50 Best (and Worst) Business Deals of All Time** Michael Craig, 2000 Annotation Craig ranks the best and worst business deals of all time and shows how the outcome of mega deals can depend on clear thinking and the adherence to simple guidelines

Reconstructing Times Square Alexander J. Reichl, 1999 When the big ball drops on New Year's Eve thousands are there to witness that great glittering sight while millions more watch on national television Times Square may be the cultural hub of America the Crossroads of the World but its lights have not always shone as brightly as they do now Once a glamorous theater district Times Square and 42nd Street had degenerated into a neighborhood known for the winos and sex shops of Midnight Cowboy until New York's business and arts communities stepped in These advocates of urban revitalization exploited cultural and historic preservation arguments to transform a low income entertainment district into a Disney fied tourist mecca Where Ratso Rizzo once kicked cars and hookers plied their trade Mickey Mouse now greets visitors from atop a Disney superstore surrounded by rising office towers theaters and theme restaurants all thanks to huge tax subsidies and government support Alexander Reichl tells the fascinating story of how cultural politics and economic greed transformed the city's physical and social environment with an ongoing multibillion dollar redevelopment program changing the district from a symbol of urban decline to one of urban renaissance He explains the political significance of the historic preservation and arts related approach to urban revitalization showing how it was used to appeal to the upscale values of middle class New Yorkers often hostile to urban renewal He also examines the role of the Walt Disney Company in the project and demonstrates its power to redefine a premier public space In telling the story of Times Square Reichl reveals much about politics and power at the city level and their relationship to the development of urban space He frames his lively narrative with an illuminating account of how historic preservation initiatives at all government levels have displaced large scale federal urban renewal programs as the dominant approach to urban development and he shows the importance of political discourse and cultural politics in mobilizing public support for urban redevelopment Now that it has been reconfigured for the 21st century Times Square provides a rich and multifaceted case for exploring the latest trends in urban renewal Yet Reichl suggests much that has happened here is regrettable the ousting

of low income citizens to serve commercial interests the loss of a culturally diverse entertainment district and the failure to address persistent class and race based segregation in a central urban area By getting to the heart of the Great White Way Reconstructing Times Square provides an important look at urban renewal and politics in a changing America *The Unofficial Guide Walt Disney World? 2009* Bob Sehlinger,2008-09-02 More than 4 million copies sold This series is the only one that offers evaluations based on reader surveys and critiques compiled by a team of unbiased inspectors Hotels attractions and restaurants in all price categories Extensive information on shopping nightlife and sports Easy to use two color design Detailed 2 color maps From the publishers of The Unofficial Guide to Walt Disney World A Tourist s Best Friend Chicago Sun Times Indispensable The New York Times Five Great Features and Benefits offered ONLY by The Unofficial Guide Exclusively patented field tested touring plans that save as much as four hours of standing in line in a single day Tips advice and opinions from hundreds of Walt Disney World guests in their own words Almost 250 hotels rated and ranked for quality and value including the top non Disney hotels for families A complete Dining Guide with ratings and reviews of all Walt Disney World restaurants plus extensive alternatives for dining deals outside the World Every attraction rated and ranked for each age group extensive objective head to head comparisons of the Disney and Universal theme parks
