Texting Dr Stalker Pepper Winters, 2025-01-09 *Texting Dr Stalker* is a swoony standalone full of hidden identities, protective doctor neighbors, and green flag stalkers. I have a stalker. A masked man who watches me from the shadows. A guardian who says he's there to protect me, to help me heal from almost dying at the hands of another man. He says he's willing to do anything to help me move on. That I needn't be afraid of him. I agree to keep him my secret and share how much I'm truly struggling. In return, he guards me. Even if it means guarding me from himself. I've known her my entire life. She's the girl next door who I share a childhood betrothal with, thanks to our two grandmothers wishing to turn their lifelong friendship into family. I'm also the doctor who tended to her in the ER after her ex tried to kill her. I want to help her in any way I can, but I also know she'll never accept my help because I'm the reason he tried to kill her in the first place. But I can't stand by and see her suffer, so I come up with a plan. A highly illegal plan that ends with me breaking laws, rules, and my own heart.

Tropes: Doctor girl, next door, childhood friends to lovers, green flag stalker, hidden identity, lots of texts, masked protector, would do anything to protect her, standalone, he has a motorcycle, he does things in the dark.
