Stephen A. Ross,Bradford D. Jordan,Randolph Westerfield,Gordon Sam Roberts,J. Ari Pandes,Thomas A. Holloway,2021 When
the three of us decided to write a book we were united by one strongly held principle Corporate finance should be developed
in terms of a few integrated powerful ideas We believed that the subject was all too often presented as a collection of loosely
related topics unified primarily by virtue of being bound together in one book and we thought there must be a better way One
thing we knew for certain was that we didn't want to write a me too book So with a lot of help we took a hard look at what
was truly important and useful In doing so we were led to eliminate topics of dubious relevance downplay purely theoretical
issues and minimize the use of extensive and elaborate calculations to illustrate points that are either intuitively obvious or of
limited practical use Occupational Outlook Quarterly ,1986
