Dynamic Karate:

Dynamic Karate Masatoshi Nakayama,2012-05-01 Most books on karate usually do not provide complete detailed instructions and illustrations the fundamentals plus the fine points that readers hope for This book fills the gaps left by others The late Master Masatoshi Nakayama chief instructor of the Japan Karate Association left this book as a testament It reveals his great experience as a karate competitor and teacher describing and illustrating in detail all the correct movements involved in the particular block punch or kick you want to perfect as well as instructions on combining blocking techniques with decisive counterattacks Also included is a glossary of all Japanese karate terms and a guide to their pronunciation Because of the lightning speed of karate techniques normal camera work often fails to record the action accurately For this reason many of the photo sequences found in **Dynamic Karate** were taken using a stroboscope with a flash time of 1 10 000 of a second enabling you to follow each movement as it is actually performed **Dynamic Karate** Masatoshi Nakayama,1974
