Geographical Knowledge Construction and Production Archie K. Deen,2015-09-02 Geographical Knowledge Construction and Production Teacher and Student Perspectives is a readable and illuminating account of three high school classrooms in suburban Atlanta Georgia It challenges the narrow focus of the Advanced Placement AP programme as a tool for admission into colleges and universities in the United States The research provides insight into the College Board s AP programme and argues for teaching and learning that is transformative and geared toward equipping students with the skills and knowledge necessary to confront the challenges of the 21st century In particular it advocates for geographic education that is anchored in the structure of the subject teasing wherever possible the contradictions and tensions embedded in the complexities of facts relating to people and places This book is essential reading for professors and students of education teachers and students of AP courses parents administrators and state and federal agencies vested in the AP programme

Teaching Girls Peter Kuriloff,Shannon Andrus,Charlotte Jacobs,2017-12-01 Women continue to be underrepresented in the high paying fields of science math and engineering They receive only about 80% of the salary of men holding similar jobs in any field and still face glass ceilings that limit their attainment How do we educate and empower girls to surmount these barriers and succeed throughout their lives This unique book reveals the kinds of teaching that engages girls intellectually fosters their creativity and bolsters their confidence Drawing on descriptions of great lessons written by nearly 2 000 students and teachers it offers a practical accessible guide to anyone who wants to find better ways to help young women succeed The authors review the special qualities of lessons that resonate with girls and show how they meet their developmental needs throughout adolescence They also show how vital it is that such teaching happen within schools that help students learn about the numerous ways that gender affects girls development The authors conclude by detailing how school leaders can create cultures that support this kind of great learning and teaching
