TikTok Cultures in the United States Trevor Boffone, 2022-04-03 TikTok Cultures in the United States examines the role of TikTok in US popular culture paying close attention to the app's growing body of subcultures. Featuring an array of scholars from varied disciplines and backgrounds, this book uses TikTok subcultures as a point of departure from which to explore TikTok's role in US popular culture today. Engaging with the extensive and growing scholarship on TikTok from international scholars, chapters in this book create frameworks and blueprints from which to analyze TikTok within a distinctly US context, examining topics such as gender and sexuality, feminism, race and ethnicity, and wellness. Shaping TikTok as an interdisciplinary field in and of itself, this insightful and timely volume will be of great interest to students and scholars of new and digital media, social media, popular culture, communication studies, sociology of media, dance, gender studies, and performance studies.

Dance in US Popular Culture Jennifer Atkins, 2023-07-21 This innovative textbook applies basic dance history and theory to contemporary popular culture examples in order to examine our own ways of moving in and through culture. By drawing on material relevant to students, *Dance in US Popular Culture* successfully introduces students to critical thinking around the most personal of terrain: our bodies and our identities. The book asks readers to think about what embodied knowledge we carry with us and how we can understand history and society through that lens: what stereotypes and accompanying expectations are embedded in performance related to gender and/or race; for instance, how such expectations are reinforced, negotiated, challenged, embraced, or rescripted by performers and audiences; how readers articulate their own sense of complex identity within the constantly shifting landscape of popular culture; how this shapes an active sense of their everyday lives; and how this can act as a springboard towards dismantling systems of oppression. Through readings, questions, movement analyses, and assignment prompts that take students from computer to nightclub and beyond, *Dance in US Popular Culture* readers develop their own cultural sense of dance and the moving body's sociopolitical importance while also determining how dance is fundamentally applicable to their own identity. This is the ideal textbook for high school and undergraduate students of dance and dance studies in BA and BFA courses, as well as those studying popular culture from interdisciplinary perspectives including cultural studies, media studies, communication studies, theater, and performance studies. Chapter 11 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution (CC BY) 4.0 license.

Feminism in the United States Alison Dahl Crossley, 2024-08-16 *Feminism in the United States: A Concise Introduction* presents readers with the key debates and ideas central to contemporary US feminism. With a focus on intersectionality, the book highlights the goals, tactics, and varieties of feminism. This engaging, clear, and accessible text includes current examples, case studies, profiles of key figures in the movement, and opportunities/resources to gather more information. The reader will learn how to employ a feminist lens as an informed conversationalist, social media user, news consumer, and if so desired, activist. Readers will learn about the varieties

of contemporary US feminism and how different strands of feminism emerge the heterogeneity of the movement as it endures over generations in both hospitable and inhospitable climates and the inequalities addressed and tactics used by feminists to create lasting social change Feminism in the United States is ideal for undergraduate students particularly those enrolled in introductory classes in feminist gender and sexuality studies and related programs as well as for the anyone seeking to explore feminism for the first time

A Philosophy of Communication of Social Media Influencer Marketing Kati E. Sudnick, 2023-11-28 Social media influencer marketing emerged in Web 2.0 as a new form of celebrity endorsement in which the Internet famous create word of mouth marketing for brands and organizations on their personal social media pages blurring the line between organic and sponsored content for their followers This book explores social media influencer marketing through the lens of philosophy of communication with a praxis centered approach Kati E. Sudnick utilizes a multitude of theoretical touchstones including Christopher Lasch's narcissistic culture Marshall McLuhan's global village Daniel Boorstin's human pseudo event Jacques Ellul's propaganda and the interplay between charismatic leadership and parasocial relationships in order to consider consequences surrounding Hannah Arendt's social condition which appears in hyper form within social media influencer marketing as a major integrated marketing communication tool Sudnick applies these concepts to three major case studies surrounding Audible BetterHelp and Fyre Festival drawing implications and conclusions for this integrated marketing communication tactic in an era entrenched within the banality of the social

Ultimately the author argues for a more aware and conscientious public when it comes to engaging with influencers online

Scholars of communication philosophy and media studies will find this book of particular interest
