While the artistic traditions of the various countries of East Southeast and South Asia display distinctive aesthetic features  
this volume examines the qualities of each area and seeks commonalities that define the aesthetics of a broader Asian  
civilization Contributors includes specialists in philosophy literature art history religion and the comparative study of  
cultures Some of them are writing from within their own cultural traditions while others approach their subjects as outside  
observers The book is divided into five sections dealing with Japanese Korean Chinese Indian and Southeast Asian aesthetics  
Individual chapters provide in depth investigations of specific traditions embracing both classical as well as modern aesthetic  
forms The author suggest that Japanese culture is characterized by an openness to diverse cultural influences Korean culture  
by peninsularity Chinese culture by parallels with the West Indian culture by rasa a kind of cosmic feeling that is distinct  
from one who feels and Southeast Asian culture by dilemmas of modernization The volume as a whole integrates these  
studies clarifying essential elements of each aesthetic culture and drawing on this material to characterize an Asian  
civilization that transcends individual countries and cultures      *Computer and Information Science 2021—Summer* Roger
