Head First Design Patterns Eric Freeman,Elisabeth Robson,Elisabeth Freeman,Kathy Sierra,Bert Bates,2004-10-25 You re not alone At any given moment somewhere in the world someone struggles with the same software design problems you have You know you don t want to reinvent the wheel or worse a flat tire so you look to Design Patterns the lessons learned by those who ve faced the same problems With Design Patterns you get to take advantage of the best practices and experience

of others so that you can spend your time on something else Something more challenging Something more complex Something more fun You want to learn about the patterns that matter why to use them when to use them how to use them and when NOT to use them But you don't just want to see how patterns look in a book you want to know how they look in the wild In their native environment In other words in real world applications You also want to learn how patterns are used in the Java API and how to exploit Java's built in pattern support in your own code You want to learn the real OO design principles and why everything your boss told you about inheritance might be wrong and what to do instead You want to learn how those principles will help the next time you're up a creek without a design pattern Most importantly you want to learn the secret language of Design Patterns so that you can hold your own with your co-worker and impress cocktail party guests when he casually mentions his stunningly clever use of Command Facade Proxy and Factory in between sips of a martini You'll easily counter with your deep understanding of why Singleton isn't as simple as it sounds how the Factory is so often misunderstood or on the real relationship between Decorator Facade and Adapter With Head First Design Patterns you'll avoid the embarrassment of thinking Decorator is something from the Trading Spaces show Best of all in a way that won't put you to sleep We think your time is too important and too short to spend it struggling with academic texts If you've read a Head First book you know what to expect a visually rich format designed for the way your brain works Using the latest research in neurobiology cognitive science and learning theory Head First Design Patterns will load patterns into your brain in a way that sticks In a way that lets you put them to work immediately In a way that makes you better at solving software design problems and better at speaking the language of patterns with others on your team *Head First HTML5 Programming* Eric Freeman, 2011 *Dr. Dobbs's Journal*, 1999 **Head First JavaScript** Michael Morrison, 2007-12-20 So you're ready to make the leap from writing HTML and CSS web pages to creating dynamic web applications You want to take your web skills to the next level And you're finally ready to add programmer to the resume It sounds like you're ready to learn the Web's hottest programming language JavaScript Head First JavaScript is your ticket to going beyond copying and pasting the code from someone else's web site and writing your own interactive web pages With Head First JavaScript you learn The basics of programming from variables to types to looping How the web browser runs your code and how you can talk to the browser with your code Why you'll never have to worry about casting overloading or polymorphism when you're writing JavaScript code How to use the Document Object Model to change your web pages without making your users click buttons If you've ever read a Head First book you know what to expect a visually rich format designed for the way your brain works Head First JavaScript is no exception It starts where HTML and CSS leave off and takes you through your first program into more complex programming concepts like working directly with the web browser's object model and writing code that works on all modern browsers Don't be intimidated if you've never written a line of code before In typical Head First style Head First JavaScript doesn't skip steps and we're not interested in having you cut and paste code You'll learn

JavaScript understand it and have a blast along the way So get ready dynamic and exciting web pages are just pages away
