Flashforward Robert J. Sawyer, 2000-04-15 Science fiction Chick TV Yael Levy, 2022-03-14 Tony Soprano Don Draper and Walter White ushered in the era of the television antihero with compelling narratives and complex characters While critics and academics celebrated these characters the antiheroines who populated television screens in the twenty first century were pushed to the margins and dismissed as chick TV In this volume Yael Levy advances antiheroines to the forefront of television criticism revealing the varied and subtle ways in which they perform feminist resistance Offering a retooling of gendered media analyses Levy finds antiheroism not only in the morally questionable cop and tormented lawyer but also in the housewife and nurse who inhabit more stereotypical feminine roles By analyzing *Girls* *Desperate Housewives* *Nurse Jackie* *Being Mary Jane* *Jane Grey's Anatomy* *Six Feet Under* *Sister Wives* and the *Real Housewives* franchise Levy explores the narrative complexities of chick TV and the radical feminist potential of these shows *The Prison of Time* Elisa Pezzotta, 2022-08-25 We are imprisoned in circadian rhythms as well as in our life reviews that follow chronological and causal links For the majority of us our lives are vectors directed toward aims that we strive to reach and delimited by our birth and death Nevertheless we can still experience fleeting moments during which we forget the past and the future as well as the very flow of time During these intense emotions we burst out laughing or crying or we scream with pleasure or we are mesmerized by a work of art or just by eyes staring at us Similarly when we watch a film the screening time has a well defined beginning and end and screening and diegetic time and their relations together with narrative and stylistic techniques determine a time within the time of our life with its own rules and exceptions Through the close analysis of Stanley Kubrick's *Adrian Lyne's* *Michael Bay's* and *Quentin Tarantino's* oeuvres this book discusses the overall dominating time of their films and the moments during which this ruling time is disrupted and we momentarily forget the run toward the diegetic future suspense or the past curiosity and surprise It is in these very moments as well as in our own lives that the prison of time through which the film is constructed and that is constructed by the film itself crumbles displaying our role as spectators our deepest relations with the film Time in Twenty-First-Century British and American Literature Sonia Front, 2025-06-20 This book investigates representations of time in twenty first century Anglo American literature In the digital era characterized by a new regime of time fiction offers revisions of prevalent oppressive notions of time that can serve as productive political strategies to reclaim the agency of the subject This book discusses literary texts that craft innovative temporal structures out of sync with the new time logic suspended temporality Chapter 1 time as a conflation of phenomenological experience and cosmological laws Chapter 2 previewing the future Chapter 3 and networked memory Chapter 4 The proposed politically productive temporalities such as deep presence or resonance compatibilism contingency and the use of narrative as a chronologizing strategy ground a vision of change and suggest a way out of the crisis of time Identifying new timeframes in twenty first century fiction by an array of writers this book demonstrates that literature

remains a valid medium for theorizing and representing time

Time, Technology and Narrative Form in Contemporary US Television Drama JP Kelly, 2017-10-09 This book examines how television has been transformed over the past twenty years by the introduction of new viewing technologies including DVDs DVRs and streaming services such as Netflix Hulu and Amazon Prime It shows that these platforms have profoundly altered the ways we access and watch television enabling viewers to pause rewind record and archive the once irreversible flow of broadcast TV JP Kelly argues that changes in the technological landscape of television has encouraged the production of narrative forms that both explore and embody new industrial temporalities Focusing on US television but also considering the role of TV within a global marketplace the author identifies three distinct narrative temporalities acceleration 24 Prison Break complexity Lost FlashForward and retrospection Mad Men Through industrial textual analysis of television shows this cross disciplinary study locates these narrative temporalities in their socio cultural contexts and examines connections between production distribution and narrative form in the contemporary television industry

Cinematic Storytelling Jennifer Van Sijll, 2005 Dialog is one of the best known and obvious elements in a film But the language of cinema is more subtle and sophisticated than dialog alone From Metropolis to Kill Bill this remarkable reference guide reveals 100 of the most potent storytelling tools of the film medium It demonstrates how master screenwriters and directors depend on cinematic devices to pump up action create characters and energize a motion picture s plot Cinematic Storytelling compresses 100 years of film history outlining the important connection between film technique and storytelling It shows how the purposeful use of film techniques like lighting editing and sound can evoke audience emotions like fear hatred or anger without a word of dialog It demonstrates how character values and themes are expressed cumulatively over time and nonverbally In this the reader is given both the critical tools to better understand modern moviemaking and the creative tools to more fully exploit the dramatic potential of the medium

BOOK JACKET **Pascalian Fictions** Van Kelly, 1992 Pascalian Fictions presents the thesis that in fragments 135 and 418 in Lafuma s edition and a fortiori throughout the Pens es we see a coherent dialectic with Descartes and Cartesian thought Kelly asserts that these two fragments contain a strident and active attempt on the part of Pascal to grapple with and subvert Descartes s ontological premises and to replace them with categories more germane to his system of Christian apologetics Kelly s work focuses via an innovative analysis of structure form and syntax on narrative fiction as a mode of discourse in the Pens es and particularly in the famous *pari*
