and what doesn't work so that you can embrace the former and avoid the latter and condense years of my time into just a few hours of your time. If you want to start fixing the problems with your fitness, your relationships, your businesses, and your focus, you will be challenged to find a better use of your time than spending it reading this book or listening to it if you purchased the audiobook format.

It does so with a distinctive style of writing that mimics the way we speak with one another. It also submits for consideration innumerable solutions for those challenges we all face together, including one for taxes where the first 50,000 of income for individuals is not taxed and for businesses the first 100,000 of income is not taxed.
