Rigged Mollie Hemingway,2021-10-12 FROM THE AUTHOR OF THE 1 NATIONAL BESTSELLER JUSTICE ON TRIAL Stunned by the turbulence of the 2020 election millions of Americans are asking the forbidden question what really happened It was a devastating triple punch Capping their four year campaign to destroy the Trump presidency the media portrayed a Democratic victory as necessary and inevitable Big Tech wielding unprecedented powers vaporized dissent and erased damning reports about the Biden family s corruption And Democratic operatives exploiting a public health crisis shamelessly manipulated the voting process itself Silenced and subjected the American people lost their faith in the system RIGGED is the definitive account of the 2020 election Based on Mollie Hemingway s exclusive interviews with campaign officials reporters Supreme Court justices and President Trump himself it exposes the fraud and cynicism behind the Democrats historic power grab Rewriting history is a specialty of the radical left now in control of America s political and cultural heights But they will have to contend with the determination insight and eloquence of Mollie Hemingway RIGGED is a reminder for weary patriots that truth is still the most powerful weapon The stakes for our democracy have never been higher

Academic Libraries and Public Engagement With Science and Technology Eileen Harrington,2019-03-22

Libraries have historically played a role as a community builder providing resources and spaces where knowledge can be archived shared and created They can also play a pivotal role in fostering the public s understanding of science and scientific processes From makerspaces to data visualization labs to exhibits many libraries already delve into scientific explorations and many more could join them Scientists often need to include broader impacts goals in grant proposals but they might not know where to begin or feel that they do not have the time to devote to public engagement This is where libraries and librarians can help Research in science communication also supports tapping into libraries for public engagement with science Studies show that it is important for scientists to present findings in an apolitical way not aligning with one solution or one way of thinking and not being seen as an activist Druckman 2015 Jamieson Hardy 2014 One of the core tenets of librarians and libraries is to present information in a neutral way Research also shows that Informal conversations about science can have a greater effect on people than reading about it online or hearing about it on the news Eveland Cooper 2013 Again libraries can play a role in fostering these types of conversations Given this landscape this book will demonstrate concrete ways that libraries and librarians can play a role in fostering public engagement with science In addition to background information on the current landscape of public knowledge and understanding of science it will also include best practices and case studies of different types of programming and services that libraries can offer Often libraries do not jump to mind when people think about science education or science literacy and many librarians do not come from a science background Literature on science programming and sharing science is largely absent from the library field This book will help give confidence to librarians that they can participate in engaging the public with science At the same time it will provide a conduit to bring informal science educators communication officers from universities or research organizations who share scientific discoveries with the public and librarians together to explore ways to align their work to promote scientific literacy for all Demonstrates concrete ways that libraries and librarians can play a role in fostering public engagement with science Features best practices and case studies of different types of programming and services that libraries can offer Provides a conduit to bring informal science educators communication officers and librarians together to explore ways to align their work to promote scientific literacy
