portrayal of Paarthiv from Kashmir in the early fifties of the last century He was transferred by his employer to Calcutta only  
after three months of his marriage much to the utter displeasure of the new weds then of course for the obvious reasons As ill  
luck would have it he lost his job there for whatever reasons and went penniless He was neither able to return back home nor  
was he able to sustain his living as a stranger to the city there unfamiliar to him in every respect including the ethnic  
language for communication But being an embodiment of confidence and courage he fought his way to rise from destitution  
to an enviable affluence and came to be regarded as one of the most charismatic alien celebrities of the place known  
otherwise for its orthodox civility However in the world of audacious society there he stayed alienated from his wife who had  
given birth to his son only about six months of his departure from his home The couple remained alienated and estranged  
from each other for sixteen long years Then the happy rendezvous of the family took place through a fateful coincidence  
brought about by Parijat the mentor of their son interestingly personified by the author himself The period that followed is an  
absorbing description of funny incidents superstition travels to places atonement teen age romance and a saga of highs and

lows offered by the life in many wishful and weird ways The novel establishes the fact of life as A Spectacle of Characters  
Episodes and Scenes Scripted by Destiny which makes it a very interesting read     **The Railway Engineer** ,1930
