Reddit This Week:

Advances in Artificial Intelligence Malek Mouhoub, Philippe Langlais, 2017-05-06 This book constitutes the refereed proceedings of the 30th Canadian Conference on Artificial Intelligence Canadian AI 2017 held in Edmonton AB Canada in May 2017 The 19 regular papers and 24 short papers presented together with 6 Graduate Student Symposium papers were carefully reviewed and selected from 62 submissions The focus of the conference was on the following subjects Data Mining and Machine Learning Planning and Combinatorial Optimization AI Applications Natural Language Processing Uncertainty and Preference Reasoning and Agent Systems

Power to the Players Rob Smat, 2023-11-21 Prepare yourself for the ultimate expos of the retail trading revolution The sea shanties YOLOs and red bandanas were just the beginning Did you know Robinhood didn't actually initiate the infamous trading halt Or why Redditors refer to 2021 as the sneeze rather than the squeeze And what if I told you that some shares in your brokerage account might be counterfeits If not buckle up Witness firsthand the real and utterly ludicrous hivemind that brought Wall Street to its knees in January 2021 and discover why GameStop was only the beginning of an even more unprecedented retail contagion one that will challenge everything you think you know about our markets all over again If the meme mania of 2021 drew blood from Wall Street what follows is the Shakespearean realization that Reddit's blade was in fact poisoned In a digital world where information is frequently deleted revised and buried accurately piecing together events is nearly impossible While other authors and journalists have understandably struggled Rob Smat offers a clear and unfiltered account having witnessed every twist of the GameStop phenomenon firsthand Power to the Players is as much an unabridged history of the GameStop sneeze as it is a roadmap of how retail traders regrouped when everyone else thought the story had ended in calamity The truest of diamond hands never sold and their power has only grown stronger since Before Redditors were merely a nuisance to the status quo Now they're poised to upend it completely

Reshaping Learning with Next Generation Educational Technologies Braman, James, Brown, Alexis, Richards, Mary Jo, 2024-05-06 The traditional educational landscape often struggles to keep pace with the rapid advancements in technology and the evolving needs of both students and educators This challenge has given rise to a crucial question how can we effectively harness the full potential of next generation educational technologies to shape a brighter future for education A solution to this very question can be found within the pages of Reshaping Learning with Next Generation Educational Technologies This book delves deep into the convergence of artificial intelligence AI disruptive technologies and cutting edge educational practices revealing their transformative power Through practical examples visionary insights and thought provoking analyses it provides a roadmap for educators researchers and professionals to navigate this changing educational landscape It's a call to action urging academia to seize the transformative potential of these groundbreaking technologies
