overwhelming response and the diversity of contributions reflect the growing significance and global interest in these areas. The range of topics featured in this volume showcases not only the depth of academic and practical research but also the spirit of innovation and collaboration that underpins this conference. Each paper represents a step forward in our shared pursuit of technological solutions for a better, more sustainable world. We extend our sincere gratitude to all the keynote speakers, session chairs, reviewers, authors, and participants for their valuable contributions. A special word of thanks goes to the organizing committee, sponsors, and dedicated volunteers whose tireless efforts have made this event a resounding success. As you explore the proceedings, we hope that the ideas and collaborations born from this conference will continue to inspire impactful research and foster long-term partnerships for a future that is both technologically advanced and environmentally responsible.

Organizing Committee ICCSCE 2025

Prices, Production, and Inventories Over the Automotive Model Year Adam Copeland, 2005. This paper studies the within model year pricing and production of new automobiles. Using new monthly data on U.S. transaction prices, we document that for the typical new vehicle, prices typically fall over the model year at a 9.2 percent annual rate. Concurrently, both sales and inventories are hump-shaped. To explain these time series, we formulate a market equilibrium model for new automobiles in which inventory and pricing decisions are made simultaneously. On the demand side, we use micro-level data to estimate time-varying aggregate demand curves for each vehicle. On the supply side, we solve a dynamic programming model of an automaker that, while able to produce only one vintage of a product at a time, may accumulate inventories and consequently sell multiple vintages of the same product simultaneously. The profit-maximizing pricing and production strategies under a build-to-stock inventory policy imply declining prices and hump-shaped sales and inventories of the magnitudes observed in the data. Further, roughly half of the price decline is driven by inventory control considerations, as opposed to decreasing demand.

Hacking Gmail Ben Hammersley, 2006-01-04. No mere "how to use Gmail" book, this hacker's resource is the first volume to unlock the true power behind Gmail. Make no mistake: this is serious, down-and-dirty, under-the-hood, code-level hacking that will have you eliminating the default settings, customizing appearance, disabling advertising, and taking control of your Gmail accounts. The book begins with the basics, explaining Gmail's capabilities and hidden features, before moving on to more advanced topics like deconstructing the boot sequence and using Greasemonkey to customize things to your liking. From there, the sky's the limit. You'll see how to access your Gmail without having to check in at the site, create custom Gmail skins with CSS, build your own tools with APIs, get your mail via RSS feeds, use Gmail storage like a spare hard drive, use it as a blogging tool, and more. Gmail is a hacker's dream: offering more than two gigabytes of storage, an incredibly advanced JavaScript interface, and a series of user interface innovations, it's proving to be one of the flagship applications on the Web. With this book, you can take control of this flagship, trick it out, and use its capabilities in unconventional ways.

Contextual Pricing: The Death of List Price and the New Market Reality Robert Docters, Michael Barzelay, John G. Hanson, Cecilia Nguyen, 2011-10-19. A

REVOLUTIONARY NEW PERSPECTIVE ON HOW PRICING REALLY WORKS Contextual Pricing delivers a knock out punch to complacent and low return pricing approaches This book is full of intriguing fresh insights which will expand your perspective on what is possible in maximizing revenue from your company s products and services Mark Greatrex Chief Marketing Officer Cox Communications and former SVP Global Still Beverages The Coca Cola Company To effectively price managers must understand market context the frame of reference for buyers Context is far more important than the usual measures of price variation I strongly recommend this readable and useful book to any business leader who suspects his or her company is falling short of achievable revenues Dave Calhoun Chairman and CEO Nielsen Company and former Vice Chairman General Electric Company About the Book A few leading companies have jettisoned ideas about pricing that other companies believe are indispensable The result has been superior performance against competitors who persist in a simplistic 1990s belief in value Contextual Pricing describes how buyers are influenced by comparison points and contextual messages more than by actual price levels Identical products can sell at radically different prices to the same target customer if context is strategically managed This fact is how Procter Gamble GE Coca Cola Company Amazon Google Microsoft and others make sure they get the best possible price The use of context is changing the way companies price and sell in the new global economy This readable and market tested book describes the contextual pricing perspective how it is being used in B2B and B2C markets and how you can make the shift to contextual pricing in your own business Whether you re a CEO P L manager marketing director sales manager or entrepreneur Contextual Pricing shows you how to Understand how your customer will make buying decisions and the role of pricing in those decisions Establish better more intuitive prices using context Develop contextual pricing strategies that defeat competitor pricing how contextual pricing can be the antidote to destructive price wars Harmonize your pricing with branding product development and channel strategies Increase your profits with proven pricing tools such as scientific bundling tiering branding upsell hooks and more Through its illuminating case by case studies Contextual Pricing delivers a wide range of pricing techniques and customer insights that you won t find anywhere else You ll learn how to avoid common pitfalls when raising or lowering prices and discover how you can compete in traditional or emerging digital marketplaces and beat the competition through superior tactics not through lower margins When you know the secrets of Contextual Pricing you can name your price drive your sales increase your profits and own your success
