An Examination of the Concept and Practice of Accelerated Learning and Their Adverse Usage and Consequence to the Student Paul Howard Price, 1993 **Accelerated learning for adults** Raymond J. Wlodkowski, Carol E. Kasworm, 2003 Accelerated Learning for Adults: The Promise and Practice of Intensive Educational Formats Raymond J. Wlodkowski, Carol E. Kasworm, 2003-05-21 Accelerated learning programs have increased dramatically and gained widespread attention in adult higher education They have also received criticism regarding their value and potential impact on the quality of learning in colleges and universities This volume of *New Directions for Adult and Continuing Education* is the first major publication that addresses the current practice and research of accelerated learning formats in higher education The contributors to this volume explore the scope and substance of accelerated learning as it is practiced in colleges and universities Practitioner guidelines and insights are offered for best practices in program and course design learning strategies and assessment approaches as well as the integration of distance learning and service learning into accelerated learning programs To aid in examining broader questions of impact and outcome several chapters discuss research from a variety of contexts with both descriptive and comparative findings This volume also provides a critical perspective and future consideration of strategies and roles for accelerated learning as a positive force in higher education It will aid both practitioners and researchers by providing informative ideas and practices from leaders and educators who have administered taught and studied this innovative learning format This is the 97th volume of *New Directions for Adult and Continuing Education* a quarterly report published by Jossey Bass **The Science of Accelerated Learning** Peter Hollins, 2019-08-13 Make learning painless exciting habitual and self motivating Absorb info like a human sponge We ve never been taught how to learn and that s a shame This book is the key to reversing all the misconceptions you

have and making learning fun again Scientifically proven step by step methods for effective learning The Science of Accelerated Learning is not a textbook it s a guidebook for your journeys in learning It will show you the most effective methods the pitfalls we must avoid and the habits we must cultivate This book is highly organized and addresses all phases of the learning process from creating a positive environment to the biological basis of memory to learning theories and more It borrows from multiple scientific disciplines to present comprehensive techniques to simply learn more faster Master your approach and save countless hours Peter Hollins has studied psychology and peak human performance for over a dozen years and is a bestselling author He has worked with a multitude of individuals to unlock their potential and path towards success His writing draws on his academic coaching and research experience Smarter faster and better ways to achieve expertise The physical and psychological pre conditions to effective learning How our memory works and how to make it work for you The learning techniques that work with evidence How to never need to cram again Tame distractions and procrastination through specialized habits Why Einstein loved to play violin while working The learning mistakes you are probably committing right now Steps to building true expertise How to teach effectively and teach to learn Outpace others beat the competition and get where you want to go in record time *Accelerated Learning* Jonathan Wilkens,2017-11-21 Accelerated learning by Jonathan Wilkens is a book created out of the idea that people can learn and grasp at a much faster rate Over the centuries Accelerated Learning has gone by different names Its idea originally came out of the concept of Scientology which was then developed between the years of 1960 1970 by Dr Giogy Lozanov into Suggestopedia or Reservtopedia like some would call it As Shakespeare is to literature Dr Giogy Lozanov is to Accelerated Learning He is considered the father of Accelerated Learning His Suggestopedia or Reservopedia concept is a technique that revolutionizes teaching and facilitates learning And in the 20th century Suggestopedia was rebirth into what we now call Accelerated Learning today Accelerated Learning is something we should all indulge in and practice in our everyday activities in the lives of our children and our workplace most especially in our children s lives Imagine if your ability to think critically systemically and innovatively increases Wouldn t that be a great achievement If processed right into your lives what would take months for us to learn and grasp would take weeks and what would take weeks would take days You would be more adept in the learning or teaching field This book is designed to meet all the requirements of our learning programs in our learning environments and to educate the facilitators and learners alike so that the learning process is both deepened and accelerated Learners will thereby be able to retain more by applying Accelerated Learning into their lives And the facilitating is less about delivering content and more about encouraging discovery reflection and learning This book combines the old the new and the likely helpful future ideas on Accelerated Learning as they have become available So you wouldn t be wrong if you say this book has all you need to know all the ready to go information on accelerated learning that should allow you if followed to learn at a much faster rate This book goes into Its history where it was gotten from who it was gotten from out of the idea it was gotten

Provides insight into everything you need to know about Accelerated Learning its benefits its designs how to maximize your potential your memory capacity from a 128 megabyte to possibly a gigabyte and also the way you can facilitate in your lives be it in schools workplaces or your lifestyle in general For those who facilitate learning this is a road map for them into the new world where you can grasp things as quickly as possible without wasting the time you would normally have 10 basic elements of Accelerated Learning This book teaches on the types of Acceleration strategies that could be designed to allow progress through the core contents of a school program at a rate more closely aligned with a student's ability and interests rather than being restricted by artificially imposed steps of progression It will be of great help to you if you learn about it its many benefits how to maximize your potential how to improve your memory and the methods conditions and the speed techniques to acquire instant speed learning This book provides you with all of it

Accelerated Learning for Adults, 1978 *Accelerated Learning* Alistair Smith, Derek Wise, Mark Lovatt, 2003 Focuses on the learning in accelerated learning and provides you with over 200 ideas and activities for putting theory into practice The author's message is to take the ideas and turn them into your own success story This is a photocopiable teacher resource for all ages
