## Reddit Pro Review:

The American Historical Review John Franklin Jameson, Henry Eldridge Bourne, Robert Livingston Schuyler, 1904  
American Historical Review is the oldest scholarly journal of history in the United States and the largest in the world  
Published by the American Historical Association it covers all areas of historical research      **The English Historical**

**Review**, 1885      Gaming Democracy Adrienne L. Massanari, 2024-10-29 How play and gaming culture have mainstreamed  
far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far right has gone mainstream  
In Gaming Democracy Adrienne Massanari tracks the flames of toxicity found in the far right and alt right movements as they  
increasingly take up oxygen in American and global society In this pathbreaking contribution to the fields of internet studies  
game studies and gender studies Massanari argues that Silicon Valley's emphasis on meritocracy and free speech absolutism  
has driven this rightward slide These ideologies have been coded into social media spaces that implicitly silence marginalized  
communities and subject them to rampant abuse by groups that have learned to game the ecology of platforms algorithms  
and attention economies While populist movements are not new phenomena such as QAnon parental rights activism and  
COVID denialism are uniquely of the internet with supporters demonstrating both technical acumen and an ability to use  
memes and play as a way of both building community and fomenting dissent Massanari explores the ways that the far right  
uses memetic humor and geek masculinity as tools both to create a sense of community within these leaderless groups and to  
obfuscate their intentions Using the lens of play and game studies as well as the concept of metagaming Gaming Democracy  
is a novel contribution to our understanding of online platforms and far right political activism      *Church Quarterly Review*

Youth Digital Health and Online Platforms Martyna Gliniecka, 2024-12-27 Youth Digital Health and Online Platforms  
focuses on young people's use of the digital platform Reddit for health Drawing upon dialogism theory the book explores how  
young people produce a youth led discourse of youth digital health different from the adult led framing represented in youth  
digital health research policy and service delivery Peer led discussions online remain one of the controversial forms of youth  
digital health associated with negative peer influence or casual teenage talk This book argues that online peer led dialogues  
support young people's agency in health and that young people can benefit from dealing with health issues with peers The  
work is based on the digital ethnography of teenagers subreddits on Reddit and utilises a theoretical framework of dialogism  
a linguistic based theory originated by an early 20th century Russian philosopher Mikhail Bakhtin The book introduces the

concept of dialogical youth led youth digital health discourse formed in the peer led space of Reddit This youth led discourse celebrates equality and diversity amongst people meanings and opinions It is constructed around three relational elements socio material affordances creative practices and a plurality of youth voices Reddit s pseudonymous anti authoritarian and egalitarian nature supports the emergence of this youth led discourse The book can interest scholars and lecturers in childhood and youth studies Internet studies and youth health studies Professionals such as policymakers service designers deliverers online safety educators and global youth and health agencies can use evidence based insights in their work with young people
