Move Slowly and Build Bridges Robert W. Gehl, 2025 **Move Slowly and Build Bridges** tells the story of activists, software developers, artists, and everyday people who have built the fediverse, a large, noncentralized, alternative social media system. In contrast to big tech corporations like Meta, TikTok, or X, the fediverse is comprised of thousands of small, independent communities who use a powerful internet protocol to communicate with one another. These small communities can govern themselves and moderate content at the human scale, in stark contrast to the global and advertiser-friendly interests of Meta or X. The Mastodon network is perhaps the most notable and successful platform in the fediverse. Founded in 2016, Mastodon has positioned itself as an alternative to Twitter, one that can be completely under the control of its members, from its daily operations to its underlying software. Making a noncentralized, ethically run social media system is no easy task. The people building the fediverse have faced burnout, bigotry, angry debates, and death threats. And they face constant nagging doubts: can we really do this? Can noncentralized social media survive? Can we all of us have our own social media? In this thoroughly researched book, Robert W. Gehl argues that the answer is yes, but it won't be easy.

The Power of Real Optimism Deepika Chopra, 2026-03-10 Optimism isn't about pretending everything is fine. It's about staying open and flexible, especially when it's not. In this fresh, science-backed debut, professional psychologist and media expert Dr. Deepika

Chopra shows us how to build the kind of optimism that can actually withstand real life. We've been sold the idea that optimism is a mood, a mindset, or worse, just an inherent trait. But what if real optimism is something else entirely? In *The Power of Real Optimism*, Dr. Deepika Chopra, known as The Optimism Doctor, offers a radically different definition: optimism as a science, a skill, and a psychological muscle we can strengthen. Drawing from over a decade immersed in the science of resilience, emotional well-being, and cognitive psychology, as well as her work with clients, innovative workshops, and hallmark practices, think evidence-based visualization, narrative reframing, her signature self-worth work, and even color therapy. Dr. Chopra offers a toolkit for navigating the chaos, uncertainty, and nuance of being human without losing yourself to it. Grounded, practical, and poetic in all the right ways, this book will challenge your relationship with hope, rewire how you recover from hard things, and invite you to stay soft without falling apart. With her blend of intimate storytelling, psychological insight, and tangible tools, including a 33-day Real Optimism Challenge, Dr. Chopra offers something far more enduring than a quick fix or fleeting affirmation. She invites us into a deeper, more resilient way of living, one where we can stay curious in the face of fear, open in the face of grief, and grounded even as the world wobbles beneath us. Because real optimism doesn't deny the dark, it teaches us how to see in it.

Webster's American Dictionary, Dictionary, 1997-05 *What Should I Do with My Money?: Economic Insights to Build Wealth Amid Chaos* Bryan Kuderna, 2023-02-07. An eye-opening panoramic guide providing the economic literacy you need to be in control of your money decisions and get on the path to long-term financial independence. We are all on this earth together, and so is our money. Bryan Kuderna writes, "You must understand that money, your money, rests at the heart of every major issue in the world." Kuderna, a Certified Financial Planner™ and nationally recognized financial advisor, knows first-hand that the key to wise financial decisions is a deep understanding of economics. When his clients ask him, "What should I do with my money?" Kuderna has found the conversation quickly turns from one of personal finance to a 360-degree view of economics, illustrating why and how issues on the global stage and the kitchen table are directly connected. In *What Should I Do with My Money*, Kuderna explains how economies and markets are affected by the way people live, learn, love, work, play, and pray for it; these behaviors that determine how groups, corporations, and nations make money or lose money. Using history, storytelling, and sage insights, Kuderna takes you on a panoramic tour of the nine most important domains impacting your wealth: POPULATION, a rapidly growing and shifting balance of givers and takers; ENTITLEMENTS, the past, present, and future of Social Security, Medicare, Medicaid, pensions, and stimulus programs; EDUCATION, costs and benefits of college and student loans; ECONOMIC PHILOSOPHY, political and monetary beliefs that govern our world; ENVIRONMENT, the sustainability of our planet amid global warming, plastics, and finite natural resources; TECH, opportunities and threats from the fastest growing sector of the stock market; WAR, the use of proxy wars, civil, military, fusion, cyber, and economic attacks; RELIGION, how faith has steered economies from the stone age to the space age; PERSONAL FINANCE, a plan to attain the Three I's: Impact, Independence, and Income. Each chapter includes special features.
