Advanced Distributed Learning Initiative:

Department of Defense Implementation Plan for Advanced Distributed Learning, 2000 Vision The Advanced Distributed Learning ADL Initiative is providing a federal framework for using distributed learning to provide high quality education and training that can be tailored to individual needs and delivered cost effectively anytime and anywhere The Department of Defense DoD has developed its ADL Strategic Plan that describes how it expects to use information computing and communications and technologies to modernize military education training and performance support Importantly the ADL Initiative s underpinnings and applications are germane not only to the Department of Defense but to other government organizations academia and the private sector as well The ADL Initiative therefore is a cooperative effort between the public and private sectors to develop and share common standards reusable learning tools and content The department s education and training programs must prepare the total force to meet national security challenges and opportunities Training technologies those available today as well as those on the horizon provide an opportunity to help us achieve that goal We must be able to train our forces effectively and rapidly whether they are at home stations en route or in the theater of operations The tools under development through the ADL Initiative will add another level of learning capability and the opportunity to strengthen our already impressive inventory of learning technologies techniques and procedures The ADL Initiative under which this Department of Defense Implementation Plan for Advanced Distributed Learning has been developed is a complex and dynamic undertaking It is designed to meet the goals of the department the Congress and the Office of Science and Technology Policy OSTP as well as the requirements of the warfighter and the DoD learner This Implementation Plan is a living roadmap that will change over time

The Advanced Distributed Learning (ADL) Vision and Getting from Here to There John Dexter Fletcher, Institute for Defense Analyses, 2005 [Department of Defense Strategic Plan for Advanced Distributed Learning](#), 1999 Section 378 of Public Law 105 261 the Strom Thurmond National Defense Authorization Act for Fiscal Year 1999 hereafter The Act requires the Secretary of Defense to develop a strategic plan for guiding and expanding distance learning initiatives within the Department of Defense to include a provision for the expansion of such initiatives over five consecutive years beginning in FY 2000 Appendix A Section 378 states that the Secretary may take into account the ongoing collaborative effort between the Department of Defense other Federal agencies and private industry that is known as the Advanced Distributed Learning Initiative but that the strategic plan must specifically focus on the education and training goals and objectives of the Department of Defense The Strategic Plan hereafter called the Plan will include two parts a Strategy and later an Implementation Plan for carrying out the Strategy This report provides the Strategy for using distributed learning technologies across the Department of Defense DoD on a broad scale and is DoD s initial response to the direction from Congress It also responds to directions from the Office of Science and Technology Policy OSTP and the National Partnership for Reinventing Government to develop a strategy for

advanced distributed learning For purposes of this report learning encompasses the areas of education training and performance aiding and it addresses concepts and methodologies that can be used by the Department as well as other federal agencies academia and the private sector These concepts and methodologies were developed through collaboration within the Department and with other public sector private sector academic industrial and government organizations
