**Movie Roadshows** Kim R. Holston, 2012-12-13 This work examines a film distribution system paralleling the rise of early features and persisting until 1972 when *Man of La Mancha* was the final roadshow to require reserved seating. Synonymous with Hollywood's star-studded premieres, roadshows were longer and cost more than regular features, making the experience similar to attending the legitimate theater. Roadshows often epic in subject matter, played selected theaters usually only in major urban centers until demand decreased. By the 1960s, they were musical overtures, intermissions, entre-acte, and exit music, and souvenir programs for sale in the lobby. Throughout the text are recollections by people who attended roadshows, including actor John Kerr and actresses Barbara Eden and Ingrid Pitt. The focus is on roadshows released in the United States, but an appendix identifies international roadshows and films forecast but not released as roadshows. Included are plots, contemporary critical reaction, premiere dates, production background, and methods of promotion, i.e. the ballyhoo.

**Box Office**, 1958      **Media and Digital Management** Eli M. Noam, 2019-01-23 Being a successful manager or entrepreneur in the media and digital sector requires creativity, innovation, and performance. It also requires an understanding of the principles and tools of management. Aimed at the college market, this book is a short, foundational volume on media management. It summarizes the major dimensions of a business school curriculum and applies them to the entire media, media tech, and digital sector. Its chapters cover, in a jargonless, non-technical way, the major functions of management: first, creating a media product, the financing of projects, and the management of technology, HR, production, operations, intellectual assets, and government relations; second, harvesting the product, created market, research, marketing, pricing, and distribution; and third, the control loop, media accounting, and strategy planning. In the process, this book becomes an indispensable resource for those aiming for a career in the media and digital field, both in startups and established organizations. This book is designed to help those aiming to join the media and digital sector to become creative managers and managerial creatives. It aims to make them more knowledgeable, less blinded by hype, more effective, and more responsible.
