TARGET AUDIENCE*Corporate Valuation Theory Evidence Practice* is intended as a college textbook for both graduate and undergraduate courses in valuation Given the detailed approach it is also a useful book for practicing professionals We have been using this material in both valuation based finance and accounting M B A classes at Chicago Booth and Wharton as well as in undergraduate finance classes at Wharton for many years Although primarily serving as a text in courses that teach valuation the book can also serve as a background book for case based courses that include cases on valuation leveraged buyouts and mergers and acquisitions The book can also be used as a field guide for those who engage in valuation work We know that many of our former students refer to our writings in their work involving valuation and security analysis for years after they graduate from our respective institutions
