Something Happened:

SOMETHING HAPPENED Joseph Heller, 2011-09-07 Bob Slocum was living the American dream He had a beautiful wife three lovely children a nice house and all the mistresses he desired He had it all all that is but happiness Slocum was discontent Inevitably inexorably his discontent deteriorated into desolation until something happened *Something Happened* is Joseph Heller's wonderfully inventive and controversial second novel satirizing business life and American culture The story is told as if the reader was overhearing the patter of Bob Slocum's brain recording what is going on at the office as well as his fantasies and memories that complete the story of his life The result is a novel as original and memorable as his *Catch 22*

Character and Satire in Post War Fiction Ian Gregson, 2006-01-13 This monograph analyses the use of caricature as one of the key strategies in narrative fiction since the war Close analysis of some of the best known postwar novelists including Toni Morrison Philip Roth Joyce Carol Oates Angela Carter and Will Self reveals how they use caricature to express postmodern conceptions of the self In the process of moving away from the modernist focus on subjectivity postmodern characterisation has often drawn on a much older satirical tradition which includes Hogarth and Gillray in the visual arts and Dryden Pope Swift and Dickens in literature Its key images depict the human as reduced to the status of an object an animal or a machine or the human body as dismembered to represent the fragmentation of the human spirit Gregson argues that this return to caricature is symptomatic of a satirical attitude to the self which is particularly characteristic of contemporary culture

Semantics : Primes and Universals Anna Wierzbicka, 1996-03-28 This book provides a synthesis of Wierzbicka's theory of meaning which is based on conceptual primitives and semantic universals using empirical findings from a wide range of languages While addressed primarily to linguists the book deals with highly topical and controversial issues of central importance to several disciplines including anthropology psychology and philosophy Conceptual primitives and semantic universals are the cornerstones of a semantic theory which Anna Wierzbicka has been developing for many years *Semantics Primes and Universals* is a major synthesis of her work presenting a full and systematic exposition of that theory

in a non technical and readable way It delineates a full set of universal concepts as they have emerged from large scale investigations across a wide range of languages undertaken by the author and her colleagues On the basis of empirical cross linguistic studies it vindicates the old notion of the psychic unity of mankind while at the same time offering a framework for the rigorous description of different languages and cultures A major synthesis of Anna Wierzbicka s work *Postmodern Fiction in Canada* Johannes Willem Bertens,1992

Critique of Religion and Philosophy Walter A. Kaufmann,2020-06-16 From one of the major figures of twentieth century intellectual life an incisive critique of faith and reason in the secular age Originally published in 1958 Critique of Religion and Philosophy is Walter Kaufmann s luminous appraisal of the orthodoxies of his day Although he was a philosopher first and foremost Kaufmann was not immune to the wellsprings from which religion originates considering it to be among the most vital and radical expressions of the human intellect In this panoramic and uniquely personal book he tests the limits of faith and reason in our secular age Kaufmann discusses topics ranging from positivism and existentialism to language scripture and Eros and shares his views on thinkers such as Plato Aquinas Kant Bultmann Niebuhr and Freud Challenging playful and disarmingly honest Critique of Religion and Philosophy is as bold and provocative as when it was first published

Fire-Tongue Sax Rohmer,1922 Rohmer decided to describe a seemingly impossible murder and then solve it as he continued to write By the end of the third chapter he realized he had left no room for a solution and gave up Meanwhile his agent had sold the story to Collier s for serialization and the first chapter had already been printed Sax travelled to New York and holed up in a hotel to try and find a solution He kept writing but could think of no way out Unbelievably he was visited by Harry Houdini who had underlined one sentence and told Rohmer how to explain the murder The all important sentence is in chapter 3 Supreme Court Appellate Division , **Court of Appeals: Claudine B.
