the aftermath of mass victim attacks We see the carnage and we know that attackers do not show mercy Victims were
innocent and were targeted simply for being a part of a small or large group of people Whether a bomb semi automatic
weapon knife or vehicle the attacker strikes quickly and without mercy Victims may have been dining in a restaurant relaxing
at a bar participating in school classes attending a workplace activity or simply walking on the street Because of the horrific
and effective nature of such attacks we are often left fearing that little to nothing can be done if the unthinkable happens and
we are caught in such a merciless attack **Surviving Mass Victim Attacks** presents specific and valuable strategies for survival
if the unthinkable happens and serves as a practical guide to anyone who wishes to be more knowledgeable and better
prepared if caught in an attack themselves Gary Jackson is a behavioral psychologist threat expert with operational
experience who analyzes how victims have managed to survive past mass victim attacks committed by international terrorists
domestic terrorists self radicalized terrorists those with mental health issues and those driven by hate and bias to present
strategies that anyone can use to increase their chances of survival if the unthinkable happen Throughout different types of
mass victim attackers their methods how and what they target and how to use characteristics of the location to increase
survival are addressed The book uses real life examples to illustrate survival the strategies presented are easily understood
and do not require special skills to execute By reading **Surviving Mass Victim Attacks** you will be better able to know what to
