often after being tarred and feathered by their fellow students And it shows why all students and eventually society as a whole are harmed when our nation s universities abandon pursuit of truth and seek instead to accommodate the passions of the mob As detailed in the new Epilogue some encouraging events have transpired since this book was first published in October 2016 A majority of the judicial rulings in dozens of lawsuits by male students claiming their schools treated them unfairly and discriminated against them based on their gender have rebuked the schools for their handling of these cases And Education Secretary Betsy DeVos called for fairness to accused students and accusers alike revoked most of the guilt presuming Obama era policies and began a protracted rule making process designed to compel procedural fairness and nondiscrimination
