[Brain-Based Teaching for All Subjects](#) Madlon T. Laster,2007-12-14 Brain Based Teaching for All Subjects describes cognitive instruction that builds on brain reactions in everyday life and explains how teachers lead students to see commonalities in examples of a particular concept The common traits lead to a visual pattern or model of the concept with language labels attached Teachers can refer to the pattern in future classroom work as the topic is studied Two patterns are especially influential an event frame a sort of empty comic strip that allows analysis of a story historic event or even a novel by visually representing actions of a person or character as the plot unfolds and the culture box which shows six concentric boxes representing the self or individual in the center surrounded by other aspects of life from family to economy The book contains chapters on basic concepts with examples of visual patterns

[Help Them Learn with their Strengths](#): M. Susan Grogan Ph.D.,2021-08-25 Students with Dyslexia already have unique skills and talents outside of reading writing and spelling These skills and talents are similar to successful and famous CEOs engineers surgeons artists musicians dancers athletes architects and others with Dyslexia Confirming this are the dyslexia assessments and interviews of eighty eight school age and adult students conducted by the author She provides a description and explanation of the dyslexic brain and how people with dyslexia process print Included is a detailed commentary about how educators have scrambled to learn about Dyslexia and how to help students Dyslexia is detectable even before preschool and the signs to watch for are listed Interviews and assessments of the students with Dyslexia ages six to college age illustrate their exceptional skills and talents as well as their needs Although early detection and intense intervention by trained dyslexia educators are essential teachers and parents can enhance school and home instruction We can value and infuse these strengths and skills while they are learning and allow them to show what they know in ways other than paper and pencil Permeating the Arts and STEAM with instruction engages brain based learning The end goal is to improve student success and confident self image not just for children and teens with Dyslexia but also for all students
