Information and Communication Technologies in Education, Research, and Industrial Applications Athula Ginige, Heinrich C. Mayr, Dimitris Plexousakis, Vadim Ermolayev, Mykola Nikitchenko, Grygoriy Zholtkevych, Aleksander Spivakovskiy, 2017-11-03 This book constitutes the thoroughly refereed proceedings of the 12th International Conference on Information and Communication Technologies in Education Research and Industrial Applications ICTERI 2016 held in Kyiv Ukraine in June 2016 The 10 revised full papers presented together with one invited keynote paper were carefully reviewed and selected from 122 submissions The papers are grouped into topical sections on invited paper advances in ICT research ICT in education

World Englishes and Language Assessment Chokri Smaoui, Aicha Rahal, 2022-01-21 The book is distinguished from previous publications by focusing on assessment issues in the context of world Englishes This topic is an important part of recent research in linguistics This volume can be used as a source and reference for teachers and researchers in the field It is valuable as it presents a number of case studies from different linguistic contexts It provides insights into the use of new ways of assessment and suggests some methods of assessment that should be used in multilingual settings to evaluate the different styles of learners with different local norms

ECEL2009- 8th European Conference on E-Learning, Dan Remenyi, 2009

Handbook of Research on Teacher and Student Perspectives on the Digital Turn in Education Karpava, Sviatlana, 2022-06-24 In recent years the traditional way of teaching has been substituted by online teaching Teachers have had to think about efficient and effective teaching methods and activities in online delivery that can keep students interested and engaged It is important to examine teacher cognition and its relevance to classroom management and teaching practice as the role of technology in teaching and learning cannot be overestimated The Handbook of Research on Teacher and Student Perspectives on the Digital Turn in Education examines the cognitions of teachers and students their attitudes and perceptions regarding online teaching and their personal experiences and challenges regarding the use of online platforms and digital tools This book discusses the implementation of digital technologies in primary secondary and tertiary education that facilitates the learning and teaching process and creates a student centered environment Covering topics such as digital literacy student engagement and pedagogy this reference work is an essential resource for practitioners scholars administrators policymakers researchers academicians instructors and students

Australian Language & Literacy Matters, 2004

Tale of Two Cranes Nathaniel Gronewold, 2023-09-08 It s been 50 years since the United States attempted a conservation revolution with the passing of the Endangered Species Act in 1973 Now fifty years later the Fish and Wildlife Service finds itself at a crossroads some recovery efforts are succeeding but too many are either failing or stuck in neutral even after decades of work Take for example the story of two cranes the whooping crane of southeastern Texas and the red crowned crane of northern Japan Both were pushed to the brink of extinction by the early 1900s with surviving populations numbering as few as 20 to 40 individuals and are now the subjects of

concerted recovery efforts led by advanced national governments The U S Fish and Wildlife Service has focused mainly on habitat protection while at Japan s Ministry of the Environment conservation authorities have leaned most heavily on direct population survival via a long standing winter feeding program These two case studies provide a template for comparing different approaches towards endangered species habitat management vs population management Thus far the Japanese approach has proved more successful but the story isn t over yet What can these lessons teach us about managing other endangered species Can species rehabilitation be standardized or must each effort be designed and implemented on a case by case basis A Tale of Two Cranes will serve as a launching pad for better understanding the progress and pitfalls inherent in endangered species management through 50 years of lessons learned since the landmark Endangered Species Act was enacted by the United States Congress in December 1973 Also considering its success stories like the Attwater s prairie chicken the ESA has had an enormous impact on conservation theory and practice throughout the world from Tasmanian devils in Australia to the vaquita porpoises of Mexico But worsening government budget constraints public inattention and a continuous string of setbacks experienced within numerous rehabilitation initiatives will all eventually conspire to challenge the conventional thinking on endangered species management like never before Author Nathaniel Gronewold explains how we got here where things stand today and what lessons conservationists must take to heart as the world continues to struggle to put a halt to an ongoing global extinction crisis *The Americas Social Security Report* ,2008 **Academic**

Podcasting and Mobile Assisted Language Learning: Applications and Outcomes Facer, Betty Rose, Abdous, M?hammed, 2010-12-31 The use of Academic Podcasting Technology and MALL Mobile Assisted Language Learning is reshaping teaching and learning by supporting expanding and enhancing course content learning activities and teacher student interactions Academic Podcasting and Mobile Assisted Language Learning Applications and Outcomes shares innovative and pedagogically effective ways to improve foreign language education by identifying the instructional uses and benefits of academic podcasting technology and MALL in foreign language acquisition These include instructional uses students perceived learning gains how instructors can use have used the technology successes and challenges study abroad experiences with the technology pedagogical impact and economic perspectives on its use **Business English Smart**

Business Talk Joern Meissner, Tracy C. Yun, 2008 A guide designed for young professionals at various levels to improve their communication skills and functional knowledge It provides an approach to targeting frequently misused slang or confusing words in an everyday business setting This book covers Useful common idioms useful euphemisms corporate hierarchy performance review and more *500 Ways to Learn English* Vinit Kapoor, 2022-01-06 **WARNING** Do not read this book if you want to learn English speaking through tenses or translation If you don t speak English at all you can make a super start with this book If you dread tricky grammar rules you can learn it here in a practical way If you want to go to level next in English this is the book for you After training thousands of students in English communication over last 15 years the master

communication trainer social media influencer Vinit Kapoor brings out the best from his collection of tricky daily use conversational sentences in this must read book Many of these sentences were asked by the learners while taking live training which makes the content highly relatable After bidding adieu to his plush corporate job author started finding a solution to a ubiquitous problem of poor communication skills among the majority of college pass outs professionals housewives businessmen He could relate to it well because he had faced the same challenges during his college days Through this book he aims at providing a practical solution to the problem of poor English communication Inside the book you will find all the tools that will set you on the path to being a fluent English speaker This book contains more than 500 daily use sentences each followed by a grammar concept related phrase or sentence or some interesting fact about the English language Overall it will make you fall in love with English Start your journey of English speaking with this masterpiece

Preaching the Farewell Discourse L.
