Ugnáy, 2016 2016 Local Government Elections Report, 2016 Instagram: How a Photo-Sharing App Achieved a \$1 Billion Facebook Buyout in 18 Months Sarita Harbour, 2012-07-30

ABOUT THE BOOK On April 5, 2012, Instagram was valued at 500 million dollars as part of a new round of funding with investors Just a few days later Mark Zuckerberg, CEO of Facebook, negotiated to buy it for 1 billion, 300 million cash and 700 million in Facebook shares CNN called it one of the biggest deals in recent business tech history not too shabby for a business only 18 months old and a great inspiration to small companies everywhere However, Facebook's acquisition received mixed reviews and many raised eyebrows in the technology and business world As details emerge regarding the buyout and as analysts scramble to make sense of the deal, there are many questions How did Zuckerberg and Kevin Systrom of Instagram arrive at a figure of 1 billion? What implications does this deal have for Facebook when it goes public in an expected Initial Public Offering in May 2012? Why does Facebook want Instagram so badly? What can businesses learn from this deal and how the heck did a tiny company without any revenue become so desirable in just 18 months? While Instagram's buyout by Facebook was viewed by many as a surprise acquisition, it

illustrates the increasing importance of the image based social sharing platforms in today s technology business world Facebook already had a photo sharing mobile photo sharing program but it was slow to load and clumsy to use For the past several years a team had been working on developing a solution As recently as last summer rumours circulated about a Facebook iPhone photo sharing application that would make it easier for users to upload edit and share their photos With changes in team members and little to show for their work nothing more was heard of Facebook s progress until February 2012 when Business Insider magazine reported new product boss Dirk Stoop was working on a new solution to the problem Zuckerberg was reported in the New York Times piece With Instagram Deal Facebook Shows its Worth as saying We don t plan on doing many more of these if any at all but providing the best photo sharing experience is one reason why so many people love Facebook and we knew it would be worth bringing these two companies together It is safe to assume that Facebook s own product was not working out as hoped leading Zuckerberg to buy the best photo sharing experience instead of developing it In addition to examining details of the acquisition there are broader issues to address How can businesses use Instagram and Facebook to build their own brands What does this deal say about Facebook s predictions for the mobility market and photo sharing platforms While Zuckerberg s official statement is that Instagram will continue operating as a separate platform from Facebook and that people who have Instagram but aren t on Facebook can continue using their favorite app how will Instagram change now that it is owned by Facebook In this book we will address these questions and review a quick history of Instagram We ll examine the events of Easter weekend that led to the Instagram buyout and get a glimpse into the fast moving world of high tech business and multi billion dollar companies EXCERPT FROM THE BOOK Mark Zuckerberg and Facebook paid 1 billion for a business that doesn t have any revenue Why In a nutshell Facebook purchased Instagram to take custody of its users before Facebook competitors did to strengthen its position in the mobile phone market and to get rid of a potentially difficult competitor As people in the tech world often say money follows the users The recent availability of Instagram for Android users had Zuckerberg concerned especially when the Instagram user population jumped by 10 million people in 10 days buy the book to continue reading **Instagram Marketing Algorithms** Michael Gates,2020-10-06 The way brands communicate with their existing and target audience has undoubtedly transformed One of the main reasons for this transformation is the increase in the popularity of social networking platforms These days an increasing number of brands are using visual media for communicating their brand s message Social media has certainly revolutionized our lives Instagram has stood the test of time and is now one of the most popular social networking platforms today So if your brand isn t already on Instagram then there is no time like the present to get started Instagram has been around for a while but not a lot of people know how to make the most of its features The creators of this platform keep introducing new features along with changes to the algorithm So it is quintessential that you stay on top of all the updates In this book you will learn about the things you need to increase your following on Instagram so you can

maximize your profits You will be given information about the different benefits you can reap by using Instagram You will learn about various tips for choosing the perfect Instagram name and tricks to optimize your brand s Instagram profile Apart from this you will also learn about specific strategies for building your niche on Instagram and thoroughly engage your audience Marketing on Instagram and how you can increase your following are also discussed in detail in this book A combination of all these factors will ensure that your brand makes the most of all that Instagram has to offer You will want to make sure that whatever strategy you start to use on Instagram is going to keep the focus on the brand that you have built and how that brand sees the world Instagram is great for sharing videos and photos so make sure that when you connect the business with your followers make sure that it stays consistent with your brand rather than straying away or showing things that just don t go together Use your brand or company name in hashtags the hashtags that you pick don t have to be complicated If you already have a pretty good following on Instagram or your brand name is well known go ahead and use this as one of your hashtags This will make it easier for your followers to find you because they can just search the name and find some of your posts Make a follower famous it is not just about your followers checking out your posts it is about how you interact with your followers Take the time to look over the pages of your followers and then like and share some of their posts This helps to show the customers that you really appreciate them because you are acknowledging their cool posts and sharing them with others on your page Be careful with this one though because some may be personal and you should always ask for permission beforehand if you are unsure whether they would like it shared or not So if you are ready to learn more then let us get started immediately
