Teaching Multicultural Children's Literature in a Diverse Society AnnMarie Alberton Gunn, Susan, V.

Bennett, 2023-03-28 This textbook is a comprehensive resource for teaching multicultural children's literature. Providing foundational information on how and why to integrate diverse children's literature into the classroom, this book presents a necessary historical perspective on cultural groups in the United States and context for how to teach children's literature in a way that reflects and sustains students' rich cultural backgrounds. The historical insights and context on diverse cultural groups at the heart of the book allow readers to deepen their understanding of why teaching about cultural diversity is necessary for effective and inclusive education. Part I offers foundational information on how to teach children's literature in a diverse society, and Part II overviews pedagogy, resources, and guidance for teaching specific culturally and linguistically marginalized groups. Each chapter contains book recommendations, discussion questions, and additional resources for teachers. With authentic strategies and crucial background knowledge embedded in each chapter, this text is essential reading for pre-service and in-service teachers and is ideal for courses in children's literature, literacy methods, instruction, and multicultural education.

When Men Behave Badly David Buss, 2021-04-27

A leading evolutionary psychologist and sex researcher provides a unified new theory of sexual conflict and shows how its battles play out in the bar room, the bedroom, and the boardroom. Sexual conflict permeates ancient religions, from injunctions about thy neighbor's wife to the permissible rape of infidels. It is etched in written laws that dictate who can and cannot have sex with whom. Its manifestations shape our

sexual morality evoking approving accolades or contemptuous condemnation It produces sexual double standards that flourish even in the most sexually egalitarian cultures on earth And although every person alive struggles with sexual conflict most of us see only the tip of the iceberg dating deception a politician s unsavory sexual grab the slow crumbling of a once happy marriage a romantic breakup that turns nasty When Men Behave Badly shows that this battle of the sexes is deeper and far more pervasive than anyone has recognized revealing the hidden roots of sexual conflict roots that originated over deep evolutionary time which define the sexual psychology we currently carry around in our 3 5 pound brains Providing novel insights into our minds and behaviors When Men Behave Badly presents a unifying new theory of sexual conflict and offers practical advice for men and women seeking to avoid it **My Book of Science Experiments** Nicola Baxter,2000
