English Test Review

Day 1

RHETORICAL SKILLS

A group of astrophysicists recently detected a strange new signal originating from a distant galaxy. The data suggests the source could be an incredibly massive black hole or, perhaps, a type of neutron star previously unknown to science. Regardless, the team knows they must collaborate effectively, sharing observational time and refining complex algorithms to understand the signal's true nature. Their findings promise to redefine current cosmological models.

Directions: Determine if the sentence is correct. If it is not correct, determine the best way to correct it.

The writer wants to make the relationship between the two main possibilities (black hole and neutron star) clearer. Which choice best accomplishes this goal?

- A. No Change
- B. possibly
- C. probably
- D. undeniably

Week 4

Day 2

Directions: Determine if the sentence is correct. If the sentence is not correct, determine the best way to correct it.

Given that all the choices are accurate, which one provides the best transition from the introduction of the signal to the need for action?

- F. No Change
- G. Interestingly, the team had been looking for gamma-ray bursts for weeks.
- H. They analyzed the data using the university's supercomputer.
- J. The signal's intensity demands an immediate, coordinated scientific response.
