

THE 50 COMPANIES WITH THE BEST CUSTOMER SERVICE

METHODOLOGY

Qualtrics XM Research conducted a survey of 100,000 U.S. consumers to determine the top 50 companies with the best customer service. The survey was conducted from August 15 to September 15, 2023. The survey included questions about the respondent's experience with the company's customer service, including the quality of the service, the speed of the service, and the ease of getting help. The survey also included questions about the respondent's overall satisfaction with the company and their likelihood to recommend the company to others. The survey results were analyzed using a proprietary algorithm that takes into account the respondent's experience with the company's customer service, the respondent's overall satisfaction with the company, and the respondent's likelihood to recommend the company to others. The top 50 companies are ranked based on their overall score, which is a combination of these three factors. The top 50 companies are listed in the table below, along with their overall score, their score for customer service, and their score for overall satisfaction.
