## LESSON 2 ■ ACTIVITY 33

### Answers for Changes in Supply

#### Part A

Based on the information provided in Figure 13.2, each event will be assigned a sign of plus or minus depending on the direction of the shift. Use the blue column in the right of the worksheet to show whether the event will cause a change in supply. Use the green column to show whether the change is an increase or a decrease in supply. In the third column, describe how the supply curve shifts: left or right, parallel or non-parallel to the horizontal axis. Use Figure 13.2 to help you. Shaded areas at items 1, 2, and 4 are only for reference; they do not affect the supply of any item or change.
