Tips for writing an article

Language

Think about the audience that the article is for. The tone of the article should be formal but should be engaging. Each paragraph should have a different idea.

Use linking words which suit a formal type of writing, such as 'Firstly', 'Furthermore' or 'In conclusion.'

Use correct spelling, punctuation and grammar

Organisation

An article should have well-developed ideas and should be clear.

One way to structure your article is:

- Introduction – outline the main point of the article. Engage the reader to make them interested in the topic.
- Opinion – agree/disagree with the viewpoint expressed in the statement. Back up your ideas with evidence and with persuasive language features.
- Opinion – now disagree/agree with the viewpoint expressed in the statement. Back up your ideas with evidence and with persuasive language features.
- Conclusion- this should summarise what you have said and can often ask readers to now make up their own minds for the future.

Alternatively, if you do not want to discuss the other side of the argument then your third paragraph should offer another reason to support your viewpoint. Make sure that you talk about different ideas so that you don't repeat yourself.
