Ai Video Editor Act Practice Guide:

AI Governance Handbook Sunil Gregory, Anindya Sircar, 2025-09-15 Enterprise AI represents a transformative moment in technology empowering businesses to unlock the potential of data automation and advanced analytics. It drives innovation, streamlines operations, and amplifies competitiveness in an increasingly digital economy. Yet as promising as this technology is, adopting Enterprise AI is no simple feat. It demands a strategic alignment of AI initiatives with organizational goals while addressing many complex risks and challenges. Businesses face a new frontier of operational dilemmas from algorithmic bias and data privacy concerns to the legal and ethical quandaries of AI-generated content. Questions of accountability for AI actions, intellectual property rights, and the threat of data laundering or AI hallucinations further complicate the landscape. Amid these challenges, enterprises are tasked with navigating a pre-regulatory era where global authorities are racing to establish policies and frameworks for a trustworthy and lawful AI ecosystem. The AI Governance Handbook is a comprehensive guide tailored for stakeholders at the forefront of AI adoption: executives, managers, data scientists, engineers, and compliance professionals. This essential resource provides the knowledge, tools, and strategies to lead organizations through the complexities of implementing AI responsibly and effectively. Packed with actionable insights, the handbook explores critical topics such as aligning AI strategies with organizational objectives, managing ethical dilemmas, adhering to emerging regulations, and fostering transparency in AI operations. It offers readers a roadmap to build a resilient and dependable AI framework, prioritizing fairness, accountability, and innovation.

Artificial Intelligence and Machine Learning for Sustainable Development Pawan Whig, Pavika Sharma, Nagender Aneja, Ahmed A. Elngar, Nuno Silva, 2024-12-18 Artificial Intelligence and Machine Learning for Sustainable Development is a comprehensive exploration of how artificial intelligence (AI) and machine learning (ML) technologies are revolutionizing the field of sustainable development. The book examines cutting-edge innovations, practical applications, and potential challenges in harnessing AI and ML to address global sustainability issues. It offers insights into how these technologies can optimize resource management, improve environmental monitoring, enhance decision-making processes, and promote equitable, eco-friendly solutions. This book would be of special interest to researchers, policymakers, and practitioners seeking to leverage cutting-edge technology for a more sustainable future.

Visual Methods in Marketing and Consumer Research Fatema Kawaf, Ofer Dekel-Dachs, 2024-06-21 Despite the rising popularity of visual research methods from images and collages to videos and animations, there is an imminent need for a book that can be a point of reference for learning about visual methods in the field of marketing and consumer research. This book offers a comprehensive outlook of visual research methods in the field, highlighting their value and offering a practical guide for researchers. Building on the experiences and discussions of both experienced and aspiring visual researchers, the editors present this book as a go-to guide for doing visual research in marketing and consumer research. This book encompasses nine chapters guiding the readers through the ABCs of visual

research from philosophy to data collection and analysis with a dedicated chapter on research dissemination You can expect detailed discussions on the ontological and epistemological stance of visual research as well as an elaborate yet simple to follow guide of all aspects of data collection for various forms of visuals be it static images memes collages videos animations and so on The purpose of this book is not only to highlight the value of visual methods in consumer research but also to move this work on and offer a go to hands on guide for novice visual researchers and PhD candidates who wish to conduct rigorous visual research It will be a valuable resource not only for those particularly across marketing disciplines including consumer research and behaviour but also for visual researchers in fields such as sociology and anthropology
