## YOUR MESSAGE(S)

A Finance Director has different priorities to an IT Director. Segment your audience through CRM and define relevant targeted messages for each different job function.

CRM

### SOCIAL

Control Social Community for your business and products. This will provide a platform for communication and an engaged, relevant audience.

Use your social channels. Using Twitter with responses, updates and blogs that will increase engagement and give you more time to focus on work.

Use your company Twitter account to do your employees' LinkedIn accounts, suddenly your reach has multiplied. Also, when you communicate such as articles, offers to post your users and look to increase engagement.

Send messages throughout the campaign and be sure to respond to any queries, comments or feedback. By different times of the day to capture your audience.

### E-MARKETING

Lead time is piling up. Accounting. The business is growing. Customer retention is low. Deliver.

Make your own marketing and a content and email marketing campaign. Here are a few email marketing tips for free.

Use content marketing to create content that is relevant to your audience and to your business.

CRM

### ONLINE

Experiment with PPC activity through whichever channels work best for your demographics. I have had success using AdWords, LinkedIn Ads, Facebook Ads and Twitter.

Use Search Engine Marketing by using your customer's name or marketing channels to find your site by searching a specific keyword. This can be promoted through Ad Marketing and even advertising.

Write thought leadership pieces on the challenge you are trying to solve and publish them as blogs. Use the blogosphere to provide the content on relevant sites for your audience. For example, the blogosphere will probably end up as an important source of content strategy that your brand owns and publishes.

### PRINT

Direct mail is making a return and it's a proven proposition that works in the B2B and B2C. Personalize your Direct Mail and make it mobile.

Direct mail is usually the most expensive part of an integrated strategy. Don't overlook the effort and value by using cheap printers and materials. Quality and ingenuity is paramount for the audience for the right reasons. But just as importantly, great creative design and great photography are also the key.

Integrate your CRM with your other marketing efforts. Use CRM data to the max piece and provide clear calls to action for higher media engagement.

## LANDING PAGES

Landing pages are key to the success of the campaign. Ensure they are targeted and relevant to the audience. A campaign should have multiple landing pages based on the person viewing them. Ensure you have a clear call to action and link it back to your social channels.

Whether this is via email, telemarketing or social media, the follow-up part of the campaign is absolutely vital to its success. You need a structured campaign follow-up programme that executed by people that understand the product and solution set.
