Standing and Delivering Henry Gradillas, Jerry Jesness, 2010-11-16 We often hear about the need to make demands on all students especially those of color of different cultural backgrounds and from low income families A lot of educators talk the talk but only a few have actually walked the walk One of the few American schools that actually made substantial strides in improving education for low income students was Garfield High school in the 1980s The success of Jaime Escalante Garfield s calculus teacher was depicted in the 1987 film Stand and Deliver This film is often shown in education classes and teacher inservices Unfortunately Hollywood played rather freely with the facts and created a film that is a poor guide for teachers and administrators who want to recreate Escalante s experience The reality however is even more wonderful than the film and unlike the Hollywood fantasy is replicable When coauthor Jerry Jesness interviewed Jaime Escalante about the secret of his success the first four words Escalante spoke were Our principal Henry Gradillas In this book Dr Gradillas shares both his upbeat philosophy of education and the practical school management techniques that helped translate that philosophy into success for thousands of students over three decades The book focuses on three areas that are key to the operation of an effective school School climate instruction and curriculum It includes many references to the Garfield experience as well as to other schools where Gradillas was at the helm

and parents to engage children in meaningful conversation and problem solving Somewhere along the way we seem to have stopped challenging children and started enabling them instead Perhaps this is through no fault of our own As teachers and parents we genuinely care about children We feel for them when they are sick when they are bullied or when they are struggling Quite simply it is our nature to protect With the best of intentions we tend to try and eliminate the struggle But the struggle is essential to growth and a personal sense of accomplishment As children work their way through challenges they build the confidence and habits of mind needed to embrace the next challenge that comes along This book is an invitation to adults to expect more of themselves and of the children they care about The invitation is yours to accept
