Global Perspectives on Indigenous Film and Literature Amar Ramesh Wayal,A. P. Anupama,2025-09-22 This edited volume comprehensively explores narrative survival in Indigenous film and literature forging a literary and transitional approach to native writing It navigates the evolution of Indigenous voices spanning the oral tradition and literary forms from colonial times to the present It covers a range of issues related to indigenous inequalities and diversities in film and literature With chapters from global perspectives including North America Canada New Zealand and South Asia it ensures an inclusive exploration of indigenous narratives The diverse chapters address topics such as the aboriginal experience residential school legacy the invisible nation of Algonquins tribal songs decolonial futures caste survival narrative trauma and other marginalized groups such as low castes linguistic minorities and Adivasis tribals The book focuses on innovative concepts to understand the study of a particular indigenous group in isolation from others and more than the conventional comparative study of different indigenous groups It deals with the challenges of achieving local indigenous rights and identities It is a valuable resource for social science and

humanities scholars particularly for indigenous scholars development professionals and administrators interested in the issues related to social diversity and indigeneity in a global setting Media Subimperialisms and the Rise of Global South Farooq Sulehria,2026-01-01 This book defines media subimperialism through three key characteristics resistance and collaboration with imperial media regional dominance despite partial domination by imperial systems and reliance on imperial media for technology and content Here imperial or metropolitan media refers to systems rooted in imperial centers Together these traits not only clarify the role of southern players in global media but also challenge the notion that they signal the end of media imperialism Grounded in Marxist theories of imperialism and subimperialism this work offers a novel perspective on the rise of media giants from the global South This book is a groundbreaking contribution to global media studies for two main reasons it frames emerging media giants from the South as subimperial powers and uniquely examines multiple case studies e g Brazil South Africa Turkey collectively rather than individually It highlights a phenomenon at the intersection of media and power This book s scope is twofold first it conceptualizes media subimperialism in the context of globalization global hegemony and media imperialism second it examines a range of case studies to allow for comparative insights with at least seven cases analyzed As pioneering research this book sets the stage for future studies and captivate media scholars and students worldwide **Forest and Stream** ,1874 **Art Cure** Daisy Fancourt,2026-02-03 A groundbreaking expos showing how the arts alongside diet sleep exercise and nature are the forgotten fifth pillar of health From cradle to grave engaging in the arts has remarkable effects on our health and well being Music supports the architectural development of children s brains Artistic hobbies help our brains to stay resilient against dementia Dance and magic tricks build new neural pathways for people with brain injuries Arts and music act just like drugs to decrease depression stress and pain reducing our dependence on medication Going to live music events museums exhibitions and the theater decreases our risk of future loneliness and frailty Engaging in the arts improves the functioning of every major organ system in the body even helping us to live longer This isn t sensationalism it s science the results of decades of studies gathering data from neuroimaging molecular biomarkers wearable sensors cognitive assessments and electronic health records From professor Daisy Fancourt an award winning scientist and science communicator and director of the World Health Organization s Collaborating Centre for Arts and Health this book will fundamentally change the way you value and engage with the arts in your daily life and give you the tools to optimize how when and what arts you engage in to achieve your health goals The arts are not a luxury in our lives They are essential Digital Transformation for Business Sustainability Aloysius Edward J.,K. P. Jaheer Mukthar,Madhu Dhruvakumar,T. K. Murugesan,2023-12-30 This book explores how digital technologies can be used to drive sustainable business practices and achieve long term business success It offers insights and practical strategies and guidance that can help businesses adapt to the digital age optimize their operations and create new opportunities for growth The book further provides real world examples that illustrate how businesses can

leverage digital technologies to achieve long term sustainability and success The book is an essential read for business leaders managers academician practitioners and entrepreneurs who are looking to drive sustainable digital transformation within their organizations The book covers a wide range of topics including 1 Understanding the digital landscape The book provides an overview of the digital technologies that are transforming business operations such as artificial intelligence cloud computing and the Internet of Things It explores how these technologies can be leveraged to create sustainable business practices that benefit both the organization and society 2 Building a digital strategy for sustainability The book offers guidance on how businesses can develop a digital strategy that aligns with their sustainability goals It covers topics such as identifying digital opportunities setting targets and measuring performance 3 Embedding sustainability into digital operations The book explores how businesses can integrate sustainability into their digital operations such as data management supply chain management and product design It provides examples of companies that have successfully implemented sustainable digital practices 4 Digital innovation for sustainability The book discusses how businesses can use digital innovation to create new opportunities for sustainability It covers topics such as circular economy business models sustainable product design and social innovation 5 Leading for sustainable digital transformation The book offers insights on how business leaders can drive sustainable digital transformation within their organizations It covers topics such as leadership skills organizational culture and stakeholder engagement
