YouTube Jean Burgess, Joshua Green, 2013-04-16 YouTube is one of the most well known and widely discussed sites of participatory media in the contemporary online environment and it is the first genuinely mass popular platform for user created video In this timely and comprehensive introduction to how YouTube is being used and why it matters Burgess and Green discuss the ways that it relates to wider transformations in culture society and the economy The book critically examines the public debates surrounding the site demonstrating how it is central to struggles for authority and control in the new media environment Drawing on a range of theoretical sources and empirical research the authors discuss how YouTube is being used by the media industries by audiences and amateur producers and by particular communities of interest and the ways in which these uses challenge existing ideas about cultural production and consumption Rich with both concrete examples and featuring specially commissioned chapters by Henry Jenkins and John Hartley the book is essential reading for anyone interested in the contemporary and future implications of online media It will be particularly valuable for students and scholars in media communication and cultural studies

**Ukraine's Move to the West** Stephanie Hale, 2016-04-07 This book examines the intervention of global elite networks in the context of Ukraine s EU IMF deal within the overall Euromaidan moment late 2013 early 2014 It develops an empirically grounded investigation focused on three sets of modalities within the EU IMF package during this time period namely GM agriculture biotechnology hydraulic fracking and an internationally enabled regime change as proposed solutions for urgent problems confronting Ukraine There is a particular spotlight on the intersections between corporate actors political players foundations and think tanks in the reproduction of particular constellations of power between Western particularly U S based networks and Ukrainian agents and intermediaries The complexity of social dynamics allow for multiple forms of power to operate at once in this space of international politics This book details and analyses how the global elite network operating around Ukraine at this time produced the three unusual outcomes associated with the agreed EU IMF policy agenda GM agriculture fracking and a regime change It contributes to the analysis of how global elite networks operate and power works in international

relations and also enhances how the tumultuous politics of Ukraine in the current century are understood The subject of this book is fairly controversial and is a high profile current political problem Looking at these issues through the analytical framework of social networks brings forward a welcomed investigation into agency in international studies The attention to personal and political ties of mutual interdependence differs from more commonly used mainstream accounts of global politics that rely on US versus Russia narratives or on corporate elites pursuing business deals This book shows how close ties of social acquaintance and political economic compacts prove crucial to understanding how the key issue areas evolved This book advances the understanding of how power works in international politics showing how it is built through different forms It also advances the understanding of how global elite networks are formed and operate along with specific investigation into the importance of gatekeepers and thus explains the international political economy of Ukraine at a key moment and should prove invaluable to many academic and popular explanations *Everyone Breaks These Laws* Gerardo Con Diaz,2025-06-17 Copyright s profound impact on the online world as we know it This book is a captivating exploration of the profound impact of American copyright law on our online lives By telling stories about hope art greed and fear and how they have affected the legal dimensions of creativity and technological change this book uncovers the hidden forces shaping our digital world Gerardo Con D az examines the strange world of online copyrights from the 1990s to today s AI driven era showing how our ability to immerse ourselves in digital media depends on the erosion of what it means for people to own their creative works online and offline He delves into the often overlooked impact of digital ownership on privacy and self expression in this fascinating field guide to the complex landscape of online rights **College & Research Libraries News** ,2009 Propaganda Lukasz Olejnik,2024-10-02 The book is a modern primer on propaganda aspects like disinformation trolls bots information influence psychological operations information operations and information warfare Propaganda From Disinformation and Influence to Operations and Information Warfare offers a contemporary model for thinking about the subject The first two decades of the 21st century have brought qualitative and quantitative technological and societal changes and the subject of information influence needs to be re ordered Now is the time The book explains the origins of the meaning and phenomenon of propaganda where it came from and how it has changed over the centuries The book also covers modern methods including artificial intelligence AI and advertising technologies Legal political diplomatic and military considerations ensure that the material is covered in depth The book is recommended for security and cybersecurity professionals both technical and non technical government officials politicians corporate executives academics and students of technical and social sciences Adepts with an interest in the subject will read it with interest **The American Philatelist** ,2009 **The Times Index** ,2011 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement *American Fruit Grower* ,1907 *F & S Index United States Annual* ,2007 *EventDV* ,2007 **Searcher** ,2009
