Social Commerce Efraim Turban, Judy Strauss, Linda Lai, 2015-11-17 This is a multidisciplinary textbook on social commerce by leading authors of e-commerce and e-marketing textbooks with contributions by several industry experts. It is effectively the first true textbook on this topic and can be used in one of the following ways: Textbook for a standalone elective course at the undergraduate or graduate levels including MBA and executive MBA programs; Supplementary text in marketing management or Information Systems disciplines; Training courses in industry; Support resources for researchers and practitioners in the fields of marketing management and information management. The book examines the latest trends in e-commerce including social businesses, social networking, social collaboration, innovations, and mobility. Individual chapters cover tools and platforms for social commerce, supporting theories and concepts, marketing communications, customer engagement and metrics, social shopping, social customer service, and CRM contents, the social enterprise, innovative applications, strategy and performance management, and implementing social commerce systems. Each chapter also includes a real-world example as an opening case, application cases, and examples, exhibits, a chapter summary, review questions, and end-of-chapter exercises. The book also includes a glossary and key terms, as well as supplementary materials that include PowerPoint lecture notes, an Instructor's Manual, a test bank, and five online tutorials.

Smart Data Pricing Soumya Sen, Carlee Joe-Wong, Sangtae Ha, Mung Chiang, 2014-09-09 A comprehensive text addressing the high demand for network cloud and content services through cutting-edge research on data pricing and business strategies. Smart Data Pricing tackles the timely issue of surging demand for network cloud and content services and corresponding innovations in pricing these services to benefit consumers, operators, and content providers. The pricing of data traffic and other services is central to the core challenges of network monetization, growth, sustainability, and bridging the digital divide. In this book, experts from both academia and industry discuss all aspects of smart data pricing research and development, including economic analyses, system development, user behavior, evaluation, and business strategies. Smart Data Pricing presents the analysis of leading researchers from industry and academia surrounding the pricing of network services and content. Discusses current trends in mobile and wired data usage and their economic implications for content providers, network operators, end users, government regulators, and other players in the Internet ecosystem. Includes new concepts and background technical knowledge that will help researchers and managers effectively monetize their networks and improve user quality of experience. Provides cutting-edge research on business strategies and initiatives through a diverse collection of perspectives. Combines academic and industry expertise from multiple disciplines and business organizations. The ideas and background of the technologies and economic principles discussed within these chapters are of real value to practitioners, researchers, and managers in identifying trends and deploying new pricing and network management technologies and will help support managers in identifying new business directions and innovating solutions to challenging business problems.

E-Business: Issues and

Challenges of 21st Century Prof. (Dr) B.B. Tiwari ,Prof. (Dr) Bobby W. Lyall ,2020-11-05 Considering the way that E Commerce helps in encouraging a positive business and regulatory condition the book investigates the mechanics and usual ways of doing things of E Commerce Additionally it demonstrates how different components identified with E Commerce add to the development of a lively and dynamic electronic network bringing about financial and economic growth It covers a wide range of issues under the umbrella of E Commerce and the information based economy In doing as such it dives deep into the applicable issues and incorporates all advances associated with it *EBOOK: Management Control Systems, 2e* Frank Hartmann,Kalle Kraus,Göran Nilsson,Robert Anthony,Vijay Govindarajan,2020-11-05 EBOOK Management Control Systems 2e Proceedings of the 2022 4th International Conference on Literature, Art and Human Development (ICLAHD 2022) Bootheina Majoul,Digvijay Pandya,Lin Wang,2023-03-14 This is an open access book The 4th International Conference on Literature Art and Human Development ICLAHD 2022 was successfully held on October 28th 30th 2022 in Xi an China virtual conference ICLAHD 2022 brought together academics and experts in the field of Literature Art and Human Development research to a common forum promoting research and developmental activities in related fields as well as scientific information interchange between researchers developers and engineers working all around the world We were honored to have Assoc Prof Chew Fong Peng from University of Malaya Malaysia to serve as our Conference Chair The conference covered keynote speeches oral presentations and online Q A discussion attracting over 300 individuals Firstly keynote speakers were each allocated 30 45 minutes to hold their speeches Then in the oral presentations the excellent papers selected were presented by their authors in sequence Industry 5.0 and Paradigm Shift—Emerging Challenges Namit Gupta,Roopa Shinde,Rakesh Kumar Malviya,Anjali Gupta,2023-01-23 Industry 5 0 is the successor of the Industry 4 0 concept which employed high technology in the manufacturing industry Industry 5 0 is a new idea that adds a human touch to the work of robots and smart machines The basic idea of humans and machines working together is to increase efficiency and effectivity like the Internet of things IoT It aims to merge the increasing cognitive computing abilities of the robots with the intelligence and resourcefulness of the humans The progress of Industry 5 0 is inevitable As the technology grows more each day we find ways to make our work simpler The development of such technologies to make the world more efficient requires its manufacturers i e humans who collaborate with these machines and technologies Humans are indispensable resources as what a machine can do is limited And with all these efficiencies we have come so far there is no path leading us back With adoption of new concepts comes a paradigm shift as development continues and we move from Industry 4 0 which speaks of the future of production its primary purpose continues to be achieving seamless connectivity between machines and IT systems for higher productivity and efficiencies across the value chain Overall it focuses mainly on traditional financial and operational KPIs Whereas Industry 5 0 gives a human touch to the concept of 4 0 keeping in mind the well being of the environment and society making the machines and humans work together on a path of Green Future Industry 5

0 has the balance of both humans and technologies which benefits the ecosystem with discovery of new energy sources and renewable resources helping in a sustainable working environment It can be used to reduce harmful residue caused due to manufacturing processes and recycle rare materials Taking this theme the multidisciplinary congress on Industry 5 0 and Paradigm Shift Emerging Challenges will highlight research challenges and open issues that should be further developed to realize Industry 5 0

Impact of FinTechs on the Banking Sector. Competitor or Partner for Traditional Banks? Alice Hofmann, 2021-06-29 Bachelor Thesis from the year 2018 in the subject Business economics Banking Stock Exchanges Insurance Accounting grade 1 0 University of Applied Sciences Essen language English abstract This paper will analyse if traditional banks deal with the continuous digitization and new technology based competitors especially FinTechs as a threat or rather as a chance for their own business model Is it more likely that banks and FinTechs will link up as partners to benefit from mutual competitive advantages or will it degenerate into a battle for power and market share Furthermore why is it that small start ups can present such a threat to established banks that have been operating for years Innovative start ups revolutionized several business sectors There was Napster for the music industry Uber for the taxi industry and there are FinTechs for the financial sector FinTech is an abbreviation for Financial Technology The designation itself already gives an idea of what their business

idea looks like Intelligent technologies and the continuously expanding digitization across all business sectors expands the customers needs and demands towards banks They want to take care of banking business as easily and convenient as they order goods via Amazon ask Google for the way or stream music and movies online via Spotify or Netflix FinTech has recognized that change in customer behaviour and started to build their business models based on these findings Those new innovative market entrants are present in every part of the value chain of a traditional bank offering alternative financial products and services on a purely online basis Traditional banks are therefore facing significant challenges and risks that are endangering their competitiveness
