**Proceedings of the 12th Annual Generalized Intelligent Framework for Tutoring (GIFT) Users Symposium (GIFTSym12)** Benjamin Goldberg, 2024-08-16 Welcome to the Proceedings of the 12th Annual GIFT User Symposium This year we are celebrating 12 years of GIFT Symposiums and have accepted 12 papers for publication All of the presentations and the papers in this volume show the versatility of the Generalized Intelligent Framework for Tutoring GIFT and the work that is being done with GIFT GIFT is an open source intelligent tutoring system ITS architecture that is freely available online at GIFTtutoring.org There are both Cloud and Downloadable version of GIFT GIFT has been developed with multiple goals in mind including supporting ITS research and simplified creation of ITSs and Adaptive Instructional Systems AISs Our fantastic team and our program committee did a great job supporting the development of GIFTSym12 reviewing papers and assisting with the facilitation of the event this year We want to recognize them for their efforts Benjamin Goldberg Gregory Goodwin Anne Sinatra Michele Myers Alexandra Lutz Randall Spain Lisa N Townsend We were very pleased to have GIFTSym11 return to being an in person event this year Additionally this was our first year offering a hybrid option for attendees We are very happy that both modalities were well attended

Scare Tactics: Video Games and the Real-Life Horror Stories That Influenced Them Nathaniel Hohl, 2019-10-31 For fans of the horror video game genre certain names are as hallowed as holy scripture Castlevania Silent Hill Fatal Frame these and other properties both big and small have been giving gamers goosebumps for

decades Bringing any successful horror game property to life requires no small amount of originality and creativity but in a surprising number of cases it also requires a liberal application of cold hard truth In Scare Tactics author Nathaniel Hohl takes readers on a journey through the annals of horror game history focusing on eleven specific horror game properties In every case the game or series being discussed has some connection to a real life element or event Whether it s the perpetually burning Pennsylvania town that helped shape the Silent Hill movie adaptation the scrappy indie title that harkens back to the Salem Witch Trials or the doomed video game project that would have cast Jack the Ripper as an unsung hero real life history has seeped into the horror game genre s bones like a specter of icy death Through a combination of historical research and narrative recounting Scare Tactics paints a vivid picture of how these horror properties came to be and the role real life history took in bringing them to life Horror fans historians and video game enthusiasts alike will enjoy reading about the subtle yet tangible connections that make these iconic horror works unique and allow them to be equal parts fascinating and terrifying
