With interest rates stabilizing and residential supply still tight, mortgage-financed investments offer a realistic path to steady cash flow, especially in undervalued cities and student tourism hubs. From overlooked markets like Zaragoza, Nitra, and Košice to resilient centers like Vienna, Berlin, and Zurich, each chapter offers grounded market analysis with realistic yield estimates, practical mortgage strategies for international buyers, detailed neighborhood comparisons, and tenant demographics. Risk management frameworks for each market, tax implications, and legal requirements, exit strategies, and long-term wealth building plans. Whether your goal is retirement income, passive wealth, or smart diversification, this book provides actionable steps without exaggeration or gambling. Covering 45 European cities with honest assessments of rental yields, financing options, and market realities that other guides conveniently omit.
