Phonics Practice Review Setup:

A Scoping Study Into Perceptions of Phonological Pedagogy in Rural Ghana Christopher John Counihan, 2010-01-27 Ghana's education system is in a state of transition. Since the introduction of the Free and Compulsory Universal Basic Education (FCUBE) initiative in 1995, the country has struggled to meet with the demands of providing accessible schooling for children at any level. Moreover, with the underdevelopment of early years and primary provision, more children face slipping through the net. The battle to get children into schools and keep them there is proving to be problematic across the country. As a result, children are losing out on vital core learning experiences, particularly literacy. English is the medium of instruction in Ghana and is taught in schools from the primary level. However, with a blend of English and mother tongue instruction, children are finding it significantly harder to grasp the basic skills. As a result, support from NGOs and teaching professionals has sought to find practical solutions through *vis vis* and reciprocal partnerships.

Games, Ideas and Activities for Early Years Phonics Gill Coulson, Lynn Cousins, 2013-09-06 A collection of 150 unique games and activities to help support teaching of maths in the primary classroom. Each chapter describes research findings and pedagogical methods with an emphasis on what teachers really need to know to succeed. Woven into the text are more than 30 detailed activities and assignments to support teacher development, written by outstanding teacher educators. Links to professional teaching standards and the Common Core State Standards are highlighted throughout. Supplemental materials, including forms, checklists, and handouts, can be downloaded and printed in a convenient 8 1/2 x 11 size.
