Mobile proxies

The screenshot shows a web dashboard with a table of data collection tasks. The table has columns for task type, status, target website, and completion percentage. The tasks listed are eCommerce data, Travel data, Social media data, and Business data. The status for all tasks is 'Collecting' with a green progress bar. The target websites are Place Hotel, iFbt, and Quicker. The completion percentage for all tasks is 99.99%.

| Task Type         | Status     | Target Website | Completion Percentage |
|-------------------|------------|----------------|-----------------------|
| eCommerce data    | Collecting | Place Hotel    | 99.99%                |
| Travel data       | Collecting | iFbt           | 99.99%                |
| Social media data | Collecting | Quicker        | 99.99%                |
| Business data     | Collecting |                | 99.99%                |

BrightData is one of the largest proxy services in the world. It offers a huge range of different pricing plans. In addition, it has a reputable customer service. Whether you need help using the service or need information on a specific plan, you can reach out to the company via phone, email, chat or live chat.

The company also provides a free Bright Data plan. This package gives you access to an exclusive IP, a free monthly subscription, and a 10% discount on the purchase of a proxy.

There are also three other BrightData plans, including an annual pay-as-you-go plan. These plans vary depending on how much traffic you'd like to get. With the annual plan, you can select from either the mobile or ISP plans.

Rotating residential proxies

Rotating residential proxies are a great way to bypass IP blocks. They can also help you get around web-scraping campaigns and CAPTCHAs. Using the right type of rotating proxy can help you achieve the highest level of privacy.

Bright Data (formerly Luminati) offers residential proxies that are designed to help you get around blocked sites. They also have a robust proxy network. You can add multiple IP addresses to your account, and even use their proxy manager to manage your rotation.

Bright Data also has an API, which is a nifty trick. This allows you to create a custom proxy, and it also has an interesting feature that will allow you to send HTTPS requests.
