Walking Workout Last 90 Days Install:

Principles of Long-term Health Care Administration Peter J. Buttaro, 1999 With this book the author offers information about the core principles of long term care administration The purpose is to explain basic concepts and information essential to long term care administration The training materials are to be used by long term care administrators Areas associated with long term management are covered such as regulations finance staffing personnel and medical care This book is written in an easy to follow format and is referenced well for the original regulatory sources Principles of management including personnel management theories of management and finance are very well covered The chapter on medical care in the nursing home is very dated but since the intended audience of the book would not be responsible for medical management this may not be of great consequence This is a basic review of principles relative to long term care The format is easy to follow and this would be a useful reference text or review text for those in long term care administration Lippincott's Textbook for Nursing Assistants Pamela J. Carter, Susan Lewsen, 2005 This textbook for nursing assistants will prepare students not only to function in the traditional nursing assistant role in nursing homes hospitals and home health but also will prepare students to advance their careers A nursing assistant student who uses this text will have a firm foundation by which to transition to an LPN and ultimately an RN role The text offers a compelling art program a direct conversational writing style and an emphasis on professionalism and humanism A back of book CD ROM includes an audio glossary **Ageing** Carole Bernstein Lewis, 2002-04-15 This classic textbook provides practitioners and students working in geriatric rehabilitation an interdisciplinary approach to the assessment and rehabilitative management of older persons Clinically focused the 4th edition reviews crucial information about the elderly people and suggests strategies for implementing practical rehabilitation goals in a variety of care settings Prospective Payment for Long-term Care Judith J. Baker, 1998 This text explains the composition of the Prospective Payment System allowing the reader to understand how the rates are built Special features include rate setting examples presented in a form that can be understood readily by the user worksheet examples presented in an easy to use format and a glossary designed for use by those not generally familiar with the long term care Prospective Payment System terminology Developing Clinical Indicators for Needed Skilled Nursing Facility Care Robert Schmitz, 2001 **Essentials of Gerontological Nursing** Meredith Wallace Kazer, 2007-10-22 Essentials of Gerontological Nursing presents the best practices needed to care for older adults Its brief yet comprehensive grasp of issues in elder care is a refreshing addition to the current literature which is more commonly focused on theory than on clinical practice Designed primarily for students in gerontological nursing courses in BSN and graduate programs the book provides Essential clinical information and best practices needed to care for older adults Current research and new patient approaches in gerontological nursing Overviews of rarely discussed issues such as elder abuse cultural considerations and restraint alternatives Clinical specifications and practical applications Content designed to fit into a one semester course

Essentials of Gerontological Nursing is everything the nursing student needs to know when caring for older adults
